Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

Those Mansfield Haymakers are determined to win that pennant. With Irwin and Smith in the points in two games yesterday the Fort Waynes were easy victims and appeared at no time as if they would win. Guese was tried against Irwin, but he could not win without some backing at the bat. In the second the Mansfields took the lead in the first inning and were never headed and after Glasscock and Flood had retired the Fort Waynes had no chance to win. If Fort Wayne can win today there is a remote chance that New Castle can beat out the Haymakers. Score:

NOTES OF THE GAME.

The Daytons are here tomorrow. Wienig may pitch the first game against them.

Left Fielder John Farrell, of the New Castle Interstate team, has been sold to Boston for $1,000, it is reported, and he will join the champions at the end of the Interstate league season.

Young, of St. Louis, has won more games than any league pitcher—twenty-three. Up to Labor day, when he fell down, he had won eight straight, and thirten out of the last fifteen games.

Abe Minskey, captain of the Post A ball team, requests The Sentinel to say that the game with the Lafayette traveling men last Saturday was a financial success, although from an artistic standpoint it was a frost. He desires to thank those persons who magnanimously purchased admission tickets.

There wasn't a "fan" in the league a week ago who believed it possible for the Mansfields to win seven straight games from Toledo and Fort Wayne. Had the Mud Hens and Hoosiers won three out of the eight games they played with the Haymakers, New Castle would easily have beaten out the Mansfields and so might Fort Wayne. As it is only the worst possible kind of luck can keep the rowdy Mansfields out of the championship.

CITY DADS MEET.

COUNCIL IN REGULAR SESSION LAST NIGHT.

MATTERS OF IMPORTANCE UP

APPROPRIATION ORDINANCES SUBMITTED.

SCHOOL TREASURER'S REPORT

A UNION DEPOT PROJECT IS LAUNCHED.

When Mayor Scherer rapped for order at the council meeting last evening all members were present except Messrs. O'Ryan and Schwartz.

City Clerk Monning read the communication from the mayor approving certain appropriation ordinances and also read the mayor's message in which he submitted the estimates of the several departments of the city and made recommendations. The board of works asks for $81,950; the board of safety wants $84,190; the comptroller wants for payment of interest, officers' salaries and incidentals, $18,298, and the city attorney wants $500, a grand total of $215,938. The estimates had been some higher, but the mayor, comptroller and city attorney had made a reduction of $17,000, one-half of which had been taken from the fund for new street intersections. It will require a levy of 95 cents, the same as last year, to raise this amount of money. The estimates were referred to the committee on finance.

Treasurer Boswell, of the school board, submitted his annual report, the same that was filed with the auditor three weeks ago, except in the report last evening Mr. Boswell stated that he will have paid before the end of the present year one of the three notes given in payment for the new public library property on West Wayne street, and this debt would not be paid out of the school funds, an intimation that it would be paid out of interest collected.

A petition signed by 275 south side residents favored the establishment of a new market south of the railways instead of the purchase of more land adjoining the present market. Councilman McMahon championed the cause of the petitioners, but the petition was referred to a committee without action.

The council accepted invitations to attend the meeting of the Indiana Municipal League at Lafayette and the Peru street fair. Councilmen McMahon and Borkenstein were delegated to attend the street fair and do the honors for Fort Wayne.

An ordinance fixing the levy and making the annual appropriations was read a first and second time and then referred to the committee on finance.

The refunding bond ordinances as amended were passed and Comptroller Berghoff will now proceed to sell them in accordance with the law.

Several ordinances were read and finally, when Comptroller Berghoff finished reading the ordinance providing for the punishment of offenses, there came a kick from the councilmen. Councilman Wheelock intimated that the ordinances were strung out with the purpose of increasing the patronage of a certain newspaper and Councilman Hosey and others took the position that many sections were unnecessary and should be stricken out before being read to avoid the unnecessary expense of publication. It was finally decided that hereafter all ordinances revised by Mr. Shambaugh should first be submitted to the committee on rules, regulations and ordinances and they could make the changes deemed advisable and avoid the expense of publication. Several ordinances which were on the clerk's desk were not read.

Councilman Hench submitted a resolution favoring the erection of a union depot and requested the mayor to appoint a committee of five members of the council, who, with the mayor, comptroller, city attorney and board of public works should meet with a like committee, to be appointed by the Commercial club, and that the joint committee name three or more influential citizens to place the matter before the public and confer with the railroad companies. The resolution was adopted.

VANDERBILT WILL UNKNOWN.

New York, Sept. 13.—Cornelius Vanderbilt, who had been under the shadow of death for several years, and who was one of the most methodical of men, left a carefully drawn will, but its terms are not known. His friends think it will make provision for the charity in which he was interested. No estimate of the estates' value is less than $100,000,000. There had been a reconciliation between Cornelius Vanderbilt, jr., and his parents, who opposed his marriage with Miss Grace Wilson, and it is doubtful if discrimination will be made against him. On the death of Cornelius Vanderbilt his brother, William K., becomes head of the family and made arrangements for the funeral and will see to the probating of the will. Mr. Vanderbilt's death will force the retirement of the large Vanderbilt family connections from any participation in the social doings of the fashionable world for some time to come and will also close to the members of the gay world several of the largest mansions in New York.

VICIOUS HOGS ATTACK CHILD.

BABE AT SHELDON HAS A NARROW ESCAPE.

Little Son of Mr. and Mrs. Harber Badly Lacerated by the Animals.

The two-year-old son of Mr. and Mrs. Daniel Harber, of Sheldon, this county, had a narrow escape from a frightful death last Friday. Only the prompt arrival of the parents prevented the child from being bitten to death by hogs. Mr. Harber was at work about his barn, and the child ventured into the barnyard, when it was attacked by three vicious hogs. The little one was thrown to the ground and lacerated in many places, the left foot being badly injured by the brutes.

The child's screams brought the mother to the scene and gave the alarm to Mr. Harber, who after considerable effort beat the hogs away. Medical attendance was at once summoned from Sheldon, and it is believed that no serious consequences will follow the child's injuries. Mr. and Mrs. Harber have recently passed through many trying ordeals, and they have the deepest sympathy of their neighbors.

ROOM FOR PHYSICIANS.

H. C. Granneman, who recently purchased the Mordhurst drug store, has been making extensive improvements in that establishment, and the good results of his efforts are visible in many ways. He will now add a private office and a physicians' consultation room at the rear of the store, and this new feature will no doubt be highly appreciated by the medical fraternity.

"A Merry Heart Doeth Good Like a Medicine."

Patterson clothing will make the MERRY HEART. We have everything for fall that your heart could desire. Up-to-date top coats in all grades and shades, novelties in young men's fancy suits with double-breasted vests, Fluer-de-lis shirts and ties, Knox, Stetson and Roelof hats. Always the best of everything at **Reuben S. Patterson's,** LEADER OF FASHION.

GOOD LOOKS.

You are always drawn toward a person whose smile reveals the sure refinement of pretty and well-cared-for teeth. The reverse is equally true when unsightly teeth proclaim careless, indifferent neglect. Give your teeth a very small part of the time, attention, thought and money you spend in other adornments of dress and display and they will repay you by a greater addition than all in the very worldly matter of good looks. To say nothing of good health.

Miss Lou Kendriek is visiting friends in Chicago.

W. W. Rockhill has returned from an outing at Petoskey.

IMPORTANT TO READERS.

The Sentinel has a great treat in store for its readers. We have purchased the right to use in this city that great story, "In His Steps," by Rev. Charles Sheldon, which has attracted more attention than any story ever written, with the exception, perhaps, of "Uncle Tom's Cabin." It will be printed as a serial and the first installment will appear on Wednesday, September 20.

WILL OPEN THE CAFE.

Manager R. O Rankin, of the Wayne hotel, is in Chicago selecting the furniture for the new cafe that will be opened shortly in connection with the hotel. The gentleman's smoking room will be remodelled and used for the purpose and an entirely new service will be established. Small tables to accommodate two or four persons will be used and the room will be arranged so as to be opened into the ordinary and accommodate 150 people The cafe is an innovation in the city and will doubtless be liberally patronized. It will be opened about October 10th.

BEET SUGAR CULTURE.

Supt. Alexander Johnson, of the state institute for feeble minded youth, has been conducting further experiments in sugar beet culture this year and has a plat of ground exclusively devoted to their culture. Of the twenty samples of the beets sent for analysis, only one was reported deficient in sugar. Of the others, the lowest showed 10 per cent. sugar and the highest 16.2 per cent. sugar, coefficient of purity. The best sample, which secured the Indiana urniture company's prize, besides the 16.2 percentage of sugar, showed a 92 per cent. coefficient of purity. The average percentage was 13 per cent. sugar, with a high standard of purity. There is a profit of about $75 per acre on the beets, which would make it well worth the cultivation to the farmer. The matter of beet sugar cultivation will be brought before the farmers again this year and an effort made to have a factory established in this city or in the vicinity.

Weaned the Baby

ON...

GRAPE-NUTS.

The Famous Food Suits all Kinds of Stomachs.

NEVER UP A NIGHT.

A man in Grand Rapids, Mich., F. J. Hill, a druggist, discovered that one of the most perfect and safe ways to wean a babe was to begin feeding Grape-Nuts, the famous breakfast food.

His letter states: "If there is a baby food that is better than Grape-Nuts, it must be a dandy. We began feeding our little Carola Grape-Nuts before weaning, and for a few months after it was her only food, and a fatter, more healthy child could not be found. We were never up a night, nor did she have a day's sickness. We didn't realize when she gave up the nurse. Consequently we feel grateful for the product called Grape-Nuts, and wish you success."

This coming from a druggist who has access to all the well known baby foods is somewhat remarkable, but when one realizes that Grape-Nuts are composed of the most nourishing parts of the cereals, treated by heat, time and moisture, without any drugs whatsoever, and thereby with scientific processes, actually pre-digested, in the same manner that the human body changes the starch of the cereals into a delicate grape sugar, it is easy to understand why the food can be handled by even a very young baby.

It is not only the most powerful nutritive food for athletes and strong men, but, as seen, it is applicable to the most delicate stomachs. This fact has been proven over and over again by use with invalids and weak babies. Add to these nutritious features the fact that Grape-Nuts is of a most delicious flavor, the grape sugar to be seen glistening on the little granules, and a reason is discovered for the universal and enormous sale of the new food product.

Grape-Nuts are made by the Postum Cereal Co., Ltd., at Battle Creek, and sold by all first-class grocers.

BLOOD POISONING.

Joseph Meyers, whose home is in Wawaka, was removed to Hope hospital on Tuesday, suffering from blood poisoning in the arm. Mr. Meyers had his hand mashed in a machine a short time ago, but the injury was dressed and began to heal. A few days ago it began to get painful and to swell and the patient was at once brought to the city, where he is now under the care of Dr. Leslie. Mr. Meyer's arm will probably be amputated to save his life.

WILL OPEN NEW SCHOOLS.

Miss Tompkinson, formerly of Westminster seminary, arrived in the city Tuesday, and on Monday morning will open a new private school for young ladies. For this purpose she will utilize the Humphrey building, near the corner of Broadway and Berry streets, now occupied by Miss Sinclair as a boarding house. Miss Tompkinson will give instructions in language and the higher branches.

Mixed butchers, $4.25@4.62½; good vy, $4.30@4.57½; rough heavy, .0@4.20; light, $4.25@4.70. attle—Receipts, 17,000. Market r. Beeves, $4.50@6.60; cows and heifers, $2.00@5.25; Texas steers, $3.50@4.20; stockers and feeders, $3.00@5.00; westerns, $4.00@5.25.

THE DAY ON WALL STREET.

New York, Sept. 13.—Only a partial response was made at the opening here to the buoyant tone of Americans in London. Gains in the railroads were limited to ½, except for Southern Pacific and Baltimore and Ohio. Tennessee Coal mounted upwards 3½ and Tobacco rose over a point. Brooklyn Transit, after a small gain, fell below last night's level.

Tennessee Coal was lifted as high as 121. Not much effect was produced in the general list, weakness soon cropping out here and there with the list eventually crumbling all around. Tennessee Coal was hammered down to 116, Brooklyn Transit to 95¼ and some conspicuous lossess occurred elsewhere. About 11 o'clock the market hardened, but became semi-stagnant.

The local stocks advanced simultaneously, Metropolitan Street Railway 3, Consolidated Gas and Manhattan 2 and Brooklyn Transit 1½. Other stocks rose also, Tennessee Coal gaining 1½, United States Milling common and preferred 1½ each, New Jersey Central 1½ and Sugar and Colorado Fuel a point. Fractionally higher prices ruled for the leading railways, but the demand was not urgent. Realizing toward mid-day partially wiped out the advance in the street railways.

Sales of stocks to noon, 240,146 shares.

Bonds showed a better tone with a few gains of importance.

The demand continued good after 2 o'clock. Illinois Central and C., C., C. & St. L. showing wide gains. The Mexican railroads were advanced on large buying. In the specialties the American Tobacco, Colorado Fuel, the United States Milling stocks, American Hoop, Brooklyn Transit and the leather stocks continued to advance. A realizing movement took off a point or over from the best prices for the leather stocks and Tobacco and checked the advance in the general list. The upward movement was resumed in the final dealings and prices carried to the top level of the day.

The closing was active and buoyant at net gains of a point or upwards in many stocks.

MAYSVILLE AND VICINITY.

There have been some business changes during the past few days. E. C. Reichelderfer, proprietor of one of our meat markets, has sold to his competitor, Charles Hartzell. He will go to Antwerp, O., to open up a shop. Will leave for that place next week. His wife, who has been sick for some time, is convalescent.

Lafayette Reichelderfer has purchased the general merchandise stock owned by W A., our present recorder, his brother, whose failing health demands release from all business cares.

The Oberholtzer family held their second annual reunion on Saturday last. More than one hundred were present. They met at the home of James Oberholtzer, some three miles north of town, in true picnic style. Large tables were spread in the orchard loaded with such viands as regale the inner man, and despite the efforts of the hearty, happy throng there was plenty left. Mrs. Lizzie Horn had previously been selected as family historian and presented a very interesting historical sketch. A family of relatives from Findlay, O., were present, which, until recently, did not know of their kindred here. Their identification was due to the able efforts of the historian. The second Saturday in September of each year was designated as the day for their future gathering.

Rev. Brent Hollopeter has purchased the 40 acres of land owned by the Fry heirs, with the exception of one share, which was set off to Mrs. Levi Repp, who holds a deed executed by William Fry for his share.

A joint teachers' institute will be held in the M. E. church Saturday. Five townships are to participate. Trustee Daniels is making every effort to bring about a successful institute. All persons interested in our school system are invited to attend.

PERRY TOWNSHIP NEWS.

Paul J. Juiff leaves for Notre Notre Dame university Tuesday to attend school.

Joseph Sordelet, a well known young man of St. Vincents, had a buggy whip stolen on the hay market last Saturday.

The dance given at Julian Martin's in honor of Paul Juiff was well attended and all had a good time.

The Misses Stella Martin, Florence Martin, Sadie Diebold and Adella Mason were at Robison park last Sunday and reported a good time.

Harry Gunder has taken a new route. He goes east on the township line.

Louis Banet was the guest of Miss Clara Bobay over Sunday.

Joseph Pepe had an accident Sunday evening. While riding his bicycle he ran into the fence.

PERRY S. S. CONVENTION.

The Perry township Sunday school convention, which was held in Salem Reformed church last Saturday evening and Sunday, was one of the most interesting ever held in the township, which goes to show without saying that they are doing good work. President J. D. Gloyd gave the opening address, Rev. Murray not being present. J. W. Hursh was substituted on the subject, "What We Should Reasonably Expect the Sunday School to Accomplish." "How May This be Secured?" A. D. Craig.

Sunday morning session opened up on time with a full house. First was Bible reading, conducted by A. D. Craig; "Superintendent and His Work," J. W. Hursh; "Music in the Sunday School," E. H. McComb. Next was appointment of committee on organization and then adjournment of two hours for dinner.

—Afternoon Session.—

"The Need of Efficiency in Teaching," Rev. J. F. Chenoworth; "The Ideal Lesson," Sidney Dunten; "Primary Teaching," Levi Binkley and Rev. Chenoworth. The committee on organization elected the officers as follows for the following year:

President—J. D. Gloyd.

Vice-President—Jerry Surfus.

Secretary—H. E. McComb.

Treasurer—John Swartz.

And so ended the day of Christian work.

MADISON TOWNSHIP.

The Madison township Clippers defeated the Madison Seconds by a score of 40 to 23 last Sunday.

Mrs. Charles Welsh, of Fort Wayne, is ill at her parents' home, Mr. and Mrs. Philip Fry, in this township. It is to be remembered that Mrs. Welsh just recently recovered from a severe spell of sickness at her home in the Summit city, and her many friends will regret to learn of her misfortune.

Miss Ida Adams and Mr. J. Johnson were united in holy bonds of wedlock last Thursday. We extend congratulations.

Mrs August Koenemann is improving.

An old saying asserts that the "early bird gets the worm." If this be true, G. W. Stout will be our next sheriff, as he has cards already struck off to that effect. G. W. is O. K.

A large gang of men are working on the grade for the new double track on the P., Ft. W. & C. R. R. east of Monroeville.

Physicians report quite a number of cases of typhoid fever in this and adjoining townships at present.

Camp meeting commenced near the Knouse school house last Monday under the auspices of the Free Methodists of Fort Wayne. Much interest is being manifested, as large crowds are in attendance.

Fred Savio has sold his 40-acre farm to George Meyers.

Mrs. Philip Fry is suffering from the effects of hay fever.

George Brouwer, jr., who has been confined to his room for some time with typhoid fever, is improving rapidly.

Charles Luenberger is on the sick list.

P. F. Hoadle's new saw mill will be ready for operation in a few days. P. F. will also erect a tile mill ready for business in 1900.

SEASONABLE RECIPES.

TOMATO CATSUP.

One peck ripe tomatoes. Cook and strain through a sieve, add to the juice four common-sized onions, chopped fine; let it boil down. Steep in one quart of vinegar three red peppers, two tablespoons of mustard, two of allspice, two of cinnamon; strain it into the juice; add one pound of brown sugar, half teacup salt. Let it cook down thick enough for use. Cork tightly in bottles while hot. The onions may be omitted.

GRAPE PICKLES.

Eight quarts of grapes, seven pounds of brown sugar, one pint of sharp vinegar, two tablespoons of ground cloves and allspice; remove the skin from the grapes, boil the pulp tender and strain, boil the skins in vinegar with the spice. When cooked two hours, add pulp and sugar; let it boil slowly; put into bowls and glasses.

GRAPE CATSUP.

Grapes, boiled and colandered, five pounds; sugar, two and a half pounds; vinegar, one pint; cinnamon, cloves, allspice and pepper, eact one tablespoon; salt, one-half tablespoon. Boil until it attains proper thickness.

RIPE TOMATO SWEET PICKLE.

Nine pounds of tomatoes, skinned; three pounds of sugar, two ounces of cloves, two of cinnamon. To be cooked in three pints of vinegar.

TOMATO CATSUP (Excellent).

To one-half bushel skinned tomatoes add one quart of good vinegar, one pound of salt, one ounce black pepper, one-half ounce red pepper, quarter of a pound of allspice, one ounce of cloves, one quarter pound mustard, two cloves of garlic, six good onions, two pounds of brown sugar and one handful of peach leaves. Boil this mass for three hours; stir often to keep it from burning. When cool, strain; bottle when cold. More pepper may be added.

SHIRLY SAUCE.

Two dozen large ripe tomatoes, two onions, six red peppers without seeds, three cups vinegar, four tablespoons sugar, three tablespoons salt. Mix all together; cook slowly three hours.

CUCUMBER PICKLES.

Two hundred small cucumbers, two pounds sugar, three tablespoons white mustard, three tablespoons black mustard, three tablespoons juniper berries, a handful green peppers and a handful seed onions. Let the cucumbers stand in brine over night. Put into the kettle and scald in vinegar. Scald the other ingredients in fresh vinegar and pour over the pickles. At the last pour in a bottle of chowchow.

CHILI SAUCE.

Eighteen large ripe tomatoes, two onions, four peppers (one green, chopped fine), four cups vinegar, two tablespoon salt, four of sugar, two of ginger, two of cinnamon, one of cloves, one of allspice and one nutmeg. Boil one hour. This makes three quarts.

CUCUMBER CATSUP.

To six large cucumbers take six onions, peel and chop very fine, separately; add salt enough to season and let stand until the water rises on them; squeeze them dry, mix together, add a little pepper and vinegar, enough to cover, bottle and seal.

DEATHS AND FUNERALS.

GELLER.

Mrs. Catherine Geller, wife of Theodore Geller, died at 4 o'clock Tuesday afternoon at the home of the family, 93 Huffman street, from cancer of the stomach. She has been in poor health for some time. Mrs. Geller was 58 years of age.

Funeral services will be held from the residence Friday afternoon at 1:30, and half an hour later from Trinity Lutheran church. Rev. Bohn will officiate.

FUNERAL ANNOUNCEMENTS.

Carroll.—The funeral services of the late John C. Carroll will be held Thursday morning at 9 o'clock from St. Patrick's Catholic church.

WINONA CLOSED.

AGENT REMOVED AND STATION LOCKED.

SEASON WAS PROFITABLE ONE

THE EARNINGS FAR EXCEEDED THE EXPENSES.

NEWS OF SHOP AND RAIL

SEVERAL ACCIDENTS, BUT NONE SERIOUS.

Today closes one of the most successful seasons, so far as the Pennsylvania company is concerned, in the history of Winona resort. The "dummy" which ran between Winona and Warsaw was taken out of service last week and this morning Agent C. H. Bitner was called in and the doors and windows of the station building securely fastened, to remain closed until the opening of the season of 1900. Mr. Bitner will take a place in the telegraph department of the road, being sent first to Middlepoint to relieve a man who is sick.

DYNAMO SHIPMENT.

The Fort Wayne Electric company will repair and increase the facilities of the Wabash electric light plant and this morning a 2,000-light alternating dynamo and all the necessary station equipment material was sent to that city. Wabash has been experimenting with acetylene gas, but it has not proven the great success expected up to date. The plant was destroyed by an explosion several weeks ago.

A BUSY TIE INSPECTOR.

One of the busy men of the city just at present is James A. Humphrey, the Pennsylvania tie inspector. The company is engaged in building sixty-six miles of second track between Crestline and Chicago and thousands of ties are needed. All ties must be inspected by Mr. Humphrey and he is hard at work at it. Today he is out on the western end of the line inspecting a lot of ties.

MACHINIST HURT.

Ernest Rehling, machinist employed in the Pittsburg shops, met with an accident yesterday that will probably cause him to lose a week or two from the shop. A sharp piece of steel which he was handling cut his right thumb open to the bone, across the end, causing a very painful wound.

INCREASED THE FORCE.

The force of workmen in the Bass machine shop has received quite an addition during the past week, the latest acquisitions being H. F. Hanna, George W. Stephens and Charles Cragg, who began work this morning. More mechanics could be employed if the shop would accommodate them, for there is enough work on hand to keep the machinery and men employed for several months, even if no more orders were taken.

TAPP GETS THE WHOLE LOT.

H. W. Tapp, the contractor, will build all the stone abutments for the new bridges and extensions of old ones on the western division of the Pittsburg, Fort Wayne and Chicago road, instead of only two-thirds of them, as announced some time ago. The Chicago party to whom was awarded the contract for a portion of the work has asked Mr. Tapp to take it off their hands and that gentleman has done so. There are about thirty bridges that will have to have new foundations or their old ones strengthened and widened for the second track now being constructed on the line.

SHORT OF BRAKEMEN.

There is a temporary shortage of brakemen on the Nickel Plate at present, due to sickness in the ranks. The road, by promotion and otherwise, has allowed the number of brakemen to reach the minimum point and when anything occurs to keep several of the men from work, there is difficulty in getting enough to man the trains. This is the case at present.

CARRIED OUT THE THREAT.

The threatened stoppage of Detroit, Lima and Northern traffic over the Ohio Southern tracks between Lima, Ohio, and St. Johns took place Monday. The Lima and Northern had been ordered to vacate the Southern tracks, but ignored the notice and Monday the latter company blocked the Lima and Northern trains at Lima by placing an engine on the track. The trouble arose from a dispute over the lease of the Southern tracks.

WANT THE FLOWER.

Applicants for positions in the train service of all the Fort Wayne lines are now subject to as rigid an examination as the applicant for enlistment in the army or navy. Many of the railroads of the country are also barring men over twenty-eight years old. They want none but strong young men.

"SCHOOL" FOR FIREMEN.

The Chicago and Eastern Illinois road has inaugurated an instructive system for its firemen and the best firemen in the service are the preceptors. The "students" make trips over the road, their work at the scoop being directed by the expert. The system has resulted in a great saving of fuel and is otherwise very satisfactory.

LEVER HAND CAR DOOMED.

The old-fashioned lever hand car is destined to soon pass out of existence. It will be succeeded by the "automobile of the rail," several of which are now in use in this country. The Illinois Central is experimenting with an "automobile car" that has a motor operated by gasoline. The car has an average speed of twenty-five miles an hour, but it is capable of covering the rails much more speedily than that. One of the inspectors of the road is said to have gone seventy-five miles in two hours. A gallon of gasoline, ordinarily, will run the car more than seventy-five miles and there is a provision for carrying four gallons, or enough for an unbroken run of three hundred miles.

RAMSEY'S GOOD WORK.

Since Joseph Ramsey was appointed general manager of the Wabash the equipment of the road has been increased sixty-five locomotives, all of the highest standard, 2,580 box cars (60,000 pounds capacity)' 250 furniture cars, 500 coal cars (80,000 pounds capacity), ten coaches and two dining cars, and 62,327 tons of new steel rails have been laid. Fortunately for the company he made these purchases when prices were much lower than now for anything in the line of railway equipment or supplies.

AFTER THE ENGINEERS.

The Chicago Record this morning says: "It is said that another effort will be made to bring the National organization of the Brotherhood of Locomotive Engineers into the ranks of the International Order of Railway Men. The international organization was effected two years ago at St. Louis, the Brotherhood of Railway Trainmen, the Order of Railway Conductors, the Brotherhood of Locomotive Firemen and the Order of Railroad Telegraphers becoming members. At that time an effort was made to get the engineers into the fold, but they did not come in.

A PROPOSED ILLINOIS ROAD.

Articles of incorporation were issued yesterday to the Chicago, Peoria and Southwestern railway, the capital stock of which is $100,000. It is proposed to construct a line from the Chicago and Southwestern via Ottawa, to Peoria, Quincy and Keokuk.

INDUSTRIAL NOTES.

Pittsburg Fireman H. L. Kennedy is sick and off duty.

B. H. Mauk, apprentice at the Pittsburg copper shop, is sick.

George McFerran and family leave tonight for their new home at Louisville, Ky.

Brakeman Ed Horton has reported for duty on the Nickel Plate after a few days' illness.

C. R. Clark and C. Ashline are new firemen on the Nickel Plate. They commenced work there yesterday.

Nickel Plate engine 212 has been overhauled at the Stony Island shops and will be sent to Cleveland to do yard work.

J. C. M. Baker, the Pennsylvania ticket receiver, resumed his office duties this morning, after a two weeks' vacation.

During July and August the earnings of the New York Central, despite the low freight rates, were the largest in the history of the road.

Mrs. M. Maloney, wife of the Nickel Plate engineer, is very sick and that gentleman is unable to take his run out on the road on that account.

J. O. Langston resumed work in the Pittsburg shops this morning. A few days ago he had the misfortune to have one of his hands badly bruised.

In the month of August the Indiana Car Service association handled 25,598 cars, the largest number in any one month since the bureau was established.

Charles Minnich, of the Wabash shops, has gone to the company's hospital at Peru. Yesterday he cut the palm of his right hand badly upon an oil can.

M. M. Rogers has resigned as purchasing agent of the Nickel Plate railroad. His place will be taken by P. W. Dittoe, who has held the position of inspector.

The Santa Fe is running its shops day and night so pressed are they for equipment, both passenger and freight. The day force works eleven hours, the night force ten hours

In the month of August the railways placed orders for 12,661 new cars and 257 locomotives. Of the cars ordered 3,550 were stock, 1,950 gondola, 578 flats and 100 tank cars.

J. E. N. Dillon is at his desk in Master Mechanic B. Fitzpatrick's office again. He has just closed a most enjoyable vacation term, most of which was spent in visiting friends in Ohio.

Thomas Hill and Charles Laughlin reported for duty at the Pittsburg blacksmith shop this morning. The former was injured in an accident two weeks ago and the latter had been sick.

Capt. Jack Kensill and Thomas Beals have returned from Philadelphia, where they attended the G. A. R. encampment. The latter resumed his duties in the Pittsburg roundhouse this morning.

A number of traveling passenger agents of western lines are in the city and are guests at the Wayne. Among them are C. W. Pitts, of the Great Northern; A. W. Noyes, of the Chicago Great Western, and C. C. Hill, of the Wisconsin Central.

Mr. and Mrs. C. W. Marshall are entertaining a new daughter, who arrived at their home last Monday. Mr. Marshall is a Nickel Plate brakeman. Heis so pleased over the family addition that he is taking a vacation that he may become better acquainted with the little one.

The Wabash announces the abolishment of the cheap Sunday rate to Put-in-Bay for the season. Toledo Sunday excursions will continue until further notice.

George Hess, who has been employed in the shops of the Wabash at Delray, Mich., for several months, has returned to this city and will take a position in the company's shops here.

The Panhandle is breaking all records this month in the transportation of freight and passengers and will show earnings of fully $1,650,000, which means a total for the year 1899 of at least $20,000,000

Brakeman A. B. Tousley, of the Pittsburg, has taken for training a fine Hambletonian colt from Coesse, the property of Charles Hickman, of that village. The colt is a pacer and he gives promise of great speed.

The bridge builders will today complete the new steel bridge over Flatrock river, on the Louisville division of the Pennsylvania lines The last wooden bridge on the main line has now been replaced with a steel structure.

The Pennsylvania is building at its shops in Altoona a number of freight locomotives for fast service, which will have sixty-two inch driving wheels, the size of the driving wheels of passenger engines up to twelve years ago.

Dr. E. F. Wagner, medical examiner for the Pennsylvania Relief department, will leave tomorrow for York, Pa., to spend a week or two with his parents. Dr. G. W. Tucker, of Logansport, will officiate during the absence of Dr. Wagner.

With the prosperity of the industries in the central states the north-and-south lines are exceeding all former records in tonnage of coal and iron ore handled, and this in a considerable measure accounts for the shortage of cars for through business east and west bound and for local traffic generally.

H. Walter Webb, president of the Wagner Palace Car company, and holding official positions with Vanderbilt roads, who has been at St. Regis lake for some weeks, has been brought back to his home at Scarboro, N. Y., although extremely ill with consumption. The trip was made at his wish.

The Pennsylvania railroad yesterday inaugurated a passenger service from Cleveland to Chicago over the Cleveland, Akron and Columbus to Orrville, with two trains each way daily. The company claims a differential, making the single fare $8.50 for first and $7 for second-class. This meets the Baltimore and Ohio and Nickle Plate rates and it is said that a protest may be made.

GREATEST JEWISH HOLIDAY

THURSDAY IS THE DAY OF ATONEMENT.

Will be Appropriately Observed in Fort Wayne--Services at the Temple.

This evening begins the observance of the most solemn of Jewish holidays, the Day of Atonement, and Fort Wayne people of the Jewish faith will observe it sacredly. At the Temple services will be held at 7:30 o'clock this evening and the subject of Rabbi Cohn's sermon will be "Atonement." Thursday morning at 10 o'clock another service will be held and the rabbi will speak from the subject, "Holiness." An afternoon service on Thursday closes the observance and at this service the topic will be "Immortality."

Thursday, the Day of Atonement, like all Jewish holidays, begins on the previous evening. In the Jewish calendar it is the tenth day of the month of Tishri, on which the Jews begin their religious year. The Hebrews believe that on New Year's day God judges all the inhabitants of the world according to their conduct during the past year and enters His judgment in a book called "The Book of Fate." This judgment is believed to include punishment in the form of misfortunes, sickness and perhaps death during the coming year. This book of fate is closed on New Year's day at sundown, but is left unsealed for ten days and on the tenth day, "Yom Kippur," it is sealed. It is believed that sincere penitence on the part of sinners will move God to erase bad judgments and substitute good ones for them. The ten days from New Year's until Yom Kippur are called "the ten days of penitence," distinguished during the middle ages by prayers, which were recited before daybreak. Very pious Jews used to fast during all these ten days, taking one meal after nightfall, but this class of ascetics has entirely disappeared. The fasting now is reserved to the Day of Atonement only and even on that day is not as generally observed as was the case a generation ago.

The Day of Atonement is based upon the law in Leviticus, chapter 16. Since the downfall of the Judean nation and the destruction of the temple at Jerusalem Yom Kippur has become a day of penitence. The celebration of the day begins before dark and ends before dark the next evening. The regular Jewish service has three daily prayers, to which on the Sabbath and holidays a fourth one is added. On Yom Kippur there are five. These prayers, however, would not occupy the whole day, and therefore a number of hymns, biblical selections, besides the reading of the Pentatuch, are added and thus the whole day is spent in the synagogue.

BUILDING PERMITS.

Clerk A. M. Schmidt, of the city boards, has granted the following building permits:

Casper Wiedman, barn on the east half of lot No. 53, Comparet's addition; cost, $160.

Mary G. Bueter, addition to store building on lot No. 85, Hanna's addition; cost, $400.

Kraft & Honeck, dwelling on lot 218, Hamilton's Fourth addition; cost, $3,000.

John Suelzer, residence on lot No. 168, Hamilton's Fourth addition; cost, $1,500.

QUIET ON THE BORDER

Bisbee, Ariz., Sept. 13.—The latest reports received from Naco indicate that everything is quiet. The Mexican guards, over a hundred in number, are patrolling the line. Cowboys are still arriving here. No arrests have yet been made of cowboys who killed the Mexican guards on the San Pedro. It is reported that some of them have left the country in order to avoid being turned over to the Mexican authorities.

THE TAGS GOING.

There are only two more days before the penalty goes on every bicycle and vehicle tag issued by the comptroller. There has been a hurried demand for two days and at 11 o'clock this morning the following number of tags had been issued: Bicycle, 1,025; single buggy, 22; two-horse buggy, 18; two-horse truck, 24; two-horse team, 10; single delivery, 120; double delivery, 15; double milk, 6; one-horse express, 13. This means that a total of more than $2,000 has already been collected and not one-fourth of the vehicle owners have secured tags.

THE CITY BONDS.

After the council meeting last night Mayor Scherer, City Attorney Shambaugh, Comptroller Berghoff and the council finance committee met R. E. Fields, representaive of Gay & Co., of New York, and he made an offer to buy the $320,000 refunding bonds at private sale. It is known that he made an offer of $4,000 premium, but the city will hardly sell at that price, inasmuch as it is believed a bigger premium can be secured at public sale. If a satisfactory offer is not made the bonds will be advertised at once.

WAR VERY NEAR.

CONFLICT SEEMS INEVITABLE IN THE TRANSVAAL.

BRITAIN SETS NO TIME LIMIT

DOES NOT COMPEL HASTE IN REPLY TO LAST NOTE.

PRACTICALLY AN ULTIMATUM

SITUATION NOW REGARDED AS ALMOST HOPELESS.

London, Sept. 13.—A representative of the Associated Press learned today that the British message to the Transvaal does not demand a reply in forty-eight hours, the exact wording being a request for "an immediate reply." The message is not an ultimatum in the generally accepted sense of the word. It expresses the hope that President Kruger will accept the propositions to "relieve the present tension." The only part which is at all aggressive is the reiterated declination of the British government to discuss the matter of sovereignty in any shape or form.

The British officials refuse to deny or affirm the correctness of the latest Pretoria dispatches, saying the British terms are as outlined in the special dispatch from Pretoria cabled to the Associated Press last night, namely, a five-year franchise, a quarter representation for the gold fields in the volksraad, equality for the British and Dutch in the volksraad, and equality for the old and new burghers in regard to presidential and other elections.

WAR THOUGHT INEVITABLE.

A special dispatch to the Pall Mall Gazette from Cape Town says the British reply is regarded as equivalent to an ultimatum, and the correspondent's advices from Pretoria indicate that war is inevitable.

A Pretoria special to the Cape Times says the Transvaal has notified the miners of Italy that it will give them a safe conduct and protection in case they wish to remain in the Transvaal.

The report that the Rand Irishmen have formed a corps to help President Kruger is confirmed, and it is said at Cape Town that a cablegram has been received there from New York saying that ten thousand Irishmen there are ready to help the Transvaal.

The Orange Free State burghers are reported to be bitterly divided over the merits of the controversy and their probable course in case of war.

CHAMBERLAIN'S MESSAGE.

The message of the secretary of state for the colonies, Mr. Chamberlain, says he understands the concessions made in President Kruger's note of August 18 have been withdrawn on account of the British attitude regarding suzerainty, and adds:

"Her majesty's government have absolutely repudiated the view of the political status of the Transvaal taken by the Transvaal government, claiming the status of a sovereign state, and, therefore, are unable to consider any proposal made conditionally on their acceptance of this view."

Continuing, the note says the British government is satisfied that the law embodying the proposed alleviating measures for Uitlanders is inefficient to secure immediate and substantial representation, which, it is understood, the Transvaal admits to be reasonable. It then says:

"Moreover, the presentation of the proposals in the note of August 19 indicates that the government of the South African Republic themselves recognized that their previous offers might with advantage be enlarged and the independence of the republic thereby in no way impaired."

WANTS COURT OF INQUIRY.

The dispatch then goes on to say that Great Britain is still prepared to accept the franchise proposals of August 19, provided a court of inquiry, whether joint or unilateral, shows the new scheme to be unencumbered by nullifying conditions. In this connection the British government assumes that the new members of the raad will be allowed to speak their own language, and adds that the acceptance of these terms would at once remove the tension and would, in all probability, render unnecessary any further intervention of her majesty's government to secure redress for grievances which the uitlanders themselves would be able to bring to the notice of the executive council and volksraad. Her majesty's government is increasingly impressed with the danger of further delay in relieving the strain which has already caused so much injury to the interests of South Africa, and they earnestly press for an immediate reply to the present proposal. If acceded to they will be ready to make immediate arrangements for a further conference between the president and the high commissioner to settle all details of the proposed tribunal of arbitration and the questions referred to in my note of August 30, which are neither Uitlander grievances nor questions of the interpretation of the convention, but which might be readily settled by friendly communication between representatives of the two governments. If, however, as they most anxiously hope will not be the case, the reply of the Transvaal should be negative of conclusive, I am to state that her majesty's government must reserve to themselves the right to consider the situation 'denovo,' and formulate their own proposals for final settlement."

FRANCHISE PROPOSALS.

The exact franchise proposals which Mr. Chamberlain says Great Britain is still prepared to accept with the court of inquiry proviso are five years' franchise, a share for Uitlanders and the election of the president and equal rights, and increased representation for the gold fields to the extent of eight new seats. These were presented by President Kruger August 19, and later were withdrawn.

TIME LIMIT CHANGED.

Pretoria, Sept. 13.—(Delayed in transmission)—The latest understanding here in regard to the British reply is that it asks for an answer from the Transvaal within twenty-eight hours. It is added that the executive has already deliberated upon the matter and has been in telegraphic communication all the afternoon with the Orange Free State government, which President Kruger consulted in regard to his reply, which will be drafted tomorrow morning after the views of the Orange Free State have been ascertained. The reply will then be submitted to the volksraad.

The situation is regarded as grave, but Secretary of State Reitz, in an interview, has declared that he did not consider it altogether hopeless.

TO CAPT. RANKE'S REGIMENT

SOLDIERS FOR THE THIRTY-NINTH LEAVE THE CITY.

Lieutenant Rowell Administered Oath to the New Recruits—Others Are Waiting.

Seven new soldiers for the Thirty-ninth infantry, the regiment in which Capt. W. F. Ranke is to have a command, left the city over the Wabash at 10 o'clock this morning. They were Walter J. Long, of Pierceton; Charles L. Krider, of Churubusco; Roy H. Oswalt, of Hicksville; Calvin Shaffer, of Columbia City; Burrton Fuller, of Pleasant Mills; Lorin Roop, of Decatur, and Schuyler Weimer, of Wren, Ohio. Three others are in waiting, but as they are slightly under the physical requirements, special authority from the war department has been asked for their enlistment.

Lieutenant Rowell this morning designated Dr. George C. Stemen as an examining surgeon for the local recruiting station.

WANTS TO FIGHT AGAIN.

New York, Sept. 13.—Pedlar Palmer, the defeated bantam-weight pugilist, sailed for England today. Palmer says that after his approaching fight with Curley, which he is confident of winning, he will be prepared to make a match with Terry McGovern for any sum the latter can raise.

EXCURSION IS ABANDONED.

Rev. Father Noll, of Kendallville, asks The Sentinel to say that the excursion to that place, where a statue blessing was to take place next Sunday, has been abandoned. Prospects for a good day were regarded as unfavorable and those in charge decided to abandon the excursion project.

Wah Lung, the Broadway Chinese laundryman, had on his war paint Tuesday and started after the lads who have made a practice of tossing him. The Chinaman drew his revolver, and rushing into the street, fired into the air and at the pavement, frightening the boys so badly that they will hardly bother him for some time. This is not the first time Wah Lung has had trouble with boys who are inclined to have sport with him.

STIRS THEM AGAIN

ZOLA'S LATEST LETTER MAKES AN IMPRESSION.

DREYFUS IS BREAKING DOWN

HIS WIFE FEARS THE STRAIN HAS BEEN TOO MUCH.

A GENERAL AMNESTY LIKELY

GOVERNMENT IS TO PARDON EVERYBODY.

New York, Sept. 13.—A dispatch to the Tribune from Paris says:

Emile Zola's impassioned protest against the Rennes verdict, which appears in the Aurore, causes an impression second only to that of his memorable letter, "I accuse!"

Mme. Dreyfus fears that her husband's health may soon break down completely. Dreyfus nerved himself up during the Rennes trial, but the reaction is such that the physicians consider his case hopeless and say that any day a fatal collapse may ensue.

Meanwhile the intervention of President Loubet, by according a full pardon, is regarded by those nearest the president as almost certain, and this would be followed by executing the policy of the sponge, and wiping out all old scores and reducing the pending trials, which originated in the Dreyfus affair, to mere formalities, releasing Deroulede and his royalist companions and liquidating the whole situation by a general amnesty preparatory to the world's fair of 1900.

The Liberte announces, on good authority, that the government will not revoke the chambers until December on the ground that the deputies could not sit legally while the senate is acting as a high court.

The Republique Francise says M. Meline, the former premier, has sent to a number of his political friends a confidential letter asking their opinion regarding the immediate convocation of the chambers.

The government commissioner attached to the council of revision may possibly finish the report on the Dreyfus case before Monday. In that event the council of revision will give a decision regarding the merits of the appeal that day, and on the following day the cabinet will decide whether measures of clemency are advisable.

FEELING IS VERY BITTER.

London, Sept. 13.—While the papers are full of letters from individuals and several firms announcing their withdrawal from the Paris exhibition and urging the government to do likewise, there is no intention upon the part of the British government of taking any such step.

It seems almost unlikely that the present agitation will result in any general withdrawal of British exhibits.

Max O'Rell, (Paul Blouet) has written a letter to the Daily Chronicle saying that a public expression of sympathy will go against Dreyfus, adding:

"For God's sake use your influence to stop it. But for the universal sympathy shown for Dreyfus, whom I, personally, believe to be innocent, in England and Germany, he would have been acquitted. It is a terrible thing to say, but I say it and am not afraid of contradiction."

The Evening News is urging the formation of a British Legion of Honor, consisting of persons and firms who will have nothing to do with the Paris exhibition and publishes a list of over forty firms and others, headed by Sir William Blake Richmond, R. A., who will not exhibit.

WARNED AGAINST BOYCOTT.

Berlin, Sept. 13.—The German government organs have been quick to issue a warning against the proposal to boycott the Paris exhibition.

"Germany has no occasion to take the lead in this matter," says the Cologne Gazette. "She ought to leave this to other states which, perhaps, would not consider it undesirable that Germany of all powers should adopt a hostile attitude toward France in this matter."

Geheimrath Lewald, a member of the German exhibition commission, says: "What has the exhibition to do with politics? Its sole object is commercial. To withdraw is no such easy matter. Every industrial branch will be represented as a group, to which the individual manufacturer contributes. The industrial branches could, therefore, only withdraw as a whole. There is not the slightest symptom of any inclination to adopt that course. The greatest efforts are putting forth in all quarters to make the best possible showing. We have met with the friendliest reception from the French management of the exhibition. I am convinced that the whole movement is only a tempest in a teacup."

WILLING TO COMPROMISE.

Boston, Sept. 13.—The Post today announces that it has received the following private dispatch from Paris:

"Generals Roget and Mercier have offered on the part of the army to demand from President Loubet the pardon of Captain Dreyfus, if the Jewish committee will drop the matter, and on condition that Dreyfus shall live away from the large cities of France for three years."

GRAND JURY STILL AT WORK.

IS INQUIRING INTO CRIMINAL MATTERS.

Hassenfus and Hilker Cases Engaging Much Attention—Other News of the Courts.

The grand jury is continuing its investigations into the Hassenfus and Hilker cases and will not be ready to report before the end of the week.

A change of venue has been taken in the case of James Mahan vs. the Pennsylvania company. On motion of the defendant the case was transferred from the circuit court to the United States district court.

In the case of Cyrus F. Paine et al. vs. the Fort Wayne club, Hugh G. Keegan, trustee, petitioned for and was granted an order that creditors of the club must file their claims against the club on or before September 30 or be disbarred from the distribution.

Judge Dawson has granted William Graham a divorce from Alta Graham.

The circuit court jury has been ordered to report September 19.

The case of the state ex rel. Theresa Dirig vs. John Burg has been dismissed by Judge O'Rourke. There was no evidence to substantiate the girl's complaint. The defendant has spent some time in jail awaiting trial.

The Columbus Bridge company has been awarded the contract for building county bridges, according to figures recently published.

Catherine Harring sues for a divorce from Eugene Harring and custody of their children. The complaint was penned by Attorney G. F. Felts and alleges failure to provide.

Judge O'Rourke has set the following criminal cases for trial: State against Jacob Mayer, September 22; state vs. Isaac Levene, September 20. The case of Adam Gorman, appealed from the justice court, is set for September 22.

The last will and testament of the late Charles Frederick Wasserbach has been filed for probate. His property is willed to his wife and children.

Judge O'Rourke has set the case of John E. Manning vs. Hugh Kain for trial by jury on September 25.

ECHO OF A LYNCHING.

Indianapolis, Sept. 13.—Mrs. Lula C. Jenkins filed three suits in the United States court here today against the sheriff of Ripley county and citizens of Versailles for damages because of the lynching of her husband in 1897. Mrs. Jenkins demands heavy damages. Her husband was lynched with four other men and Mrs. Jenkins charges the sheriff with aiding and abetting the mob. A long list of citizens of Versailles are set forth as members of the mob.

MOTION TO DISSOLVE.

Robert B. Shirley, accompanied by his attorney, Hon. W. G. Colerick, appeared in the superior court this afternoon and made a motion to dissolve the temporary restraining order issued by Judge Dawson, in which he and the town trustees of Woodburn were enjoined from interfering with Trustee Woebbeking and Teacher Magers, who have possession of the Maumee township school. Judge Dawson set the case for hearing Thursday morning at 10 o'clock.

Mr. and Mrs. Joseph Vanderbosch, of Knox, Ind., are guests of Mr. and Mrs. Frank Bode, of 27 Force street. Mr. Vanderbosch contemplates removing to Fort Wayne.

MAKING A STUDY

OF TRUSTS, COMBINES AND MONOPOLIES.

THE CONFERENCE IN CHICAGO.

MEETING FORMALLY OPENED BY CHAIRMAN HEAD.

DELEGATES SLOW ARRIVING.

SOME FRICTION DROPS OUT IN CONVENTION.

Chicago, Sept. 13.—The Civic Federation conference on the uses and abuses of trusts and combinations, with representative men from nearly every state in attendance, opened here today. Central Music hall was packed with the 200 delegates and hundreds of spectators.

CHAIRMAN'S ADDRESS.

The meeting was called to order by Chairman Franklin H. Head, who spoke in part as follows:

"It is not a trust or an anti-trust conference, but a conference in search of truth and light. With this end in view, the attendance has been solicited of men of every shade of opinion upon the general subject; from the men who regard trusts and trade combinations as the standing menace to the perpetuity of our system of government to those who feel that trade combinations and large aggregations of active capital are simply an actual evolution in the development of our industrial and commercial life, and that such aggregations are absolutely necessary to compete with the vast accumulations and experience of the older nations and their almost total control, outside of food products, of the markets of the world. We are also to hear from those holding views between either extreme; those who believe in the value of combinations properly organized, but who recognize in the reckless and excessive capitalization of many of such combinations a peril leading to widespread panic and distress from such inflated stocks being absorbed by the small investors, whose savings may be thus in a great measure lost.

"We trust that this discussion may be able, scholarly and dignified, as becomes the subject and the occasion, and that when these discussions reach their proper audience—the millions of people in every town and hamlet who from the newspapers receive the reports of your deliberations—it may lead to such action as may tend to preserve in our trade combinations all which is of value, as well as to point out methods by which the evils of such combinations may be avoided or done away."

Franklin H. Head was followed by Dr. Howard S. Taylor, who as the representative of Mayor Harrison welcomed the delegates to Chicago.

Attorney General E. C. Akin, acting for Governor Tanner, who was too ill to attend, delivered an address of welcome for the people of Illinois.

The roll call disclosed the fact that the greater part of the delegates are yet to arrive. The responses as name after name was read were few and far between. Governor Pingree, it was announced, would arrive tonight and Secretary Ensley said large numbers of delegates would arrive tonight and tomorrow. The New York delegation, headed by W. Bourke Cockran, was well represented.

THE REAL BUSINESS.

The first taste of the real business confronting the delegates came in the papers delivered by Prof. J. W. Jenks and Prof. Henry Carter Adams, both under the caption "Problems Before the Conference."

John Graham Brooks, of Cambridge, Mass., lecturer on social economics at the Harvard university, read a paper under the head, "Are the New Combinations Socially Dangerous?"

A resolution was adopted that a committee to conduct the business of the conference after today be made up of one representative of each state delegation and each delegation representing national organizations. Delegates representing local organizations from various cities, it was decided, should have a hand in the selection of the committeeman of the delegation from their state.

TROUBLE STARTED.

Trouble started immediately after the motion was carried that the conference appoint a committee on program and rules to manage the sessions composed of one member from each state represented, the state delegations to select their own committeeman. Secretary John W. Hayes, of the Knights of Labor, announced that he did not propose to be associated in any way with the New Jersey delegation. This announcement was vigorously applauded by some of the delegates. August Gans, of Chicago, secured the floor before the vote was announced and moved that the Knights of Labor and other labor organizations be recognized on the same basis as a state. After a good deal of caustic discussion the motion was carried. At 1 o'clock a recess was taken until 3 p. m.

SILER TO GO EAST.

Chicago, Sept., 13.—George Siler, widely known as the referee of the greatest fistic encounters of recent years, has decided to leave Chicago and locate permanently in New York. He has been chosen official referee of the Coney Island Athletic club.

SHAMROCK AGAIN INJURED.

CHALLENGER DISABLED IN A TRIAL SPIN.

Was Starting Over the Triangular Course When Jaw of Her Gaff Is Carried Away.

New York, Sept. 13.—The American's cup challenger, Shamrock, was started for a run over the mensured course off Sandy Hook. Four minutes later, while the yacht was going dead before the wind at a twelve-knot pace, the jaw of her aluminum gaff was carried away. The end of the spar stuck out beyond the mast on the after side, jamming the throat halyards. Captain Hogarth kept the yacht on her course, stacking away the peak halyards as much as possible, and after ten minutes he was able to bring her into the wind.

There was danger every moment of the gaff going through the mainsail. By the constant strain and swinging of the gaff it broke about ten feet out from the jaws. As the sail would not come down men were finally sent aloft to cut the sail clear of the hoops on the mast. The spinnaker and headsails were taken in smartly when the accident occurred. A launch from the Erin towed the yacht's head around to the head wind and the great main sail began to come slowly down.

Subsequently the Shamrock was taken in tow by a tug and conducted to her moorings inside the horseshoe.

LARGE FORCE IS WORKING.

Work upon the new court house is being rushed forward at a rapid pace and there is now a much larger force of men at work on the building than some time ago. There are someking over fifty marble men, twenty-two plasterers and about an equal number of tile men, electricians, etc., besides a large force of helpers in every branch of the work. The total force approaches two hundred men.

INSPECTING THE LINE.

Messrs. E. X. Ehinger, Max Romberg, John D. Hale and Jeff Bryson, of Decatur, drove to the city today on a tour of inspection of the new telephone line which is to connect Decatur and Fort Wayne. Some of the wire is yet to string, but it is hoped to get the line in operation within the next ten days. The gentlemen are highly pleased with the work. They are members of the Citizens' Telephone company of Decatur, which is interested in the project.

Rev. Dr. Parr is in receipt of an invitation to be the guest of Hon. C. G. Conn on board his elegant yacht Sultana during the naval parade in New York harbor on the occasion of Admiral Dewey's return to America. Dr. Parr is endeavoring to arrange his work so that he may attend.

Oscar C. Kiemheder, of Buffalo, N. Y., who has been the guest of Messrs. H. N. Ropa and H. F. Meyer for the past week, left Tuesday evening for St. Louis. Mr. Kiemhede was tendered a farewell reception by the members of the S. S. club.

Frederick W. Bullerman and family, Mrs. Joseph Gemmer and son William were in Fort Wayne Tuesday and went to St. Joe township to attend the funeral of the late Frederick Bullerman.

Mr. and Mrs. J. C. M. Baker, of South Calhoun street, were serenaded last night in commemoration of their wedding, twenty years ago. The serenaders were neighbors and other friends of the jolly couple.

Among the visitors from near-by towns today are F. J. Sowle, of Angola; John G. Yeagley, of Fremont; H. E. Richey and F. A. Borst, of Auburn, and J. C. Boyer, of Waterloo.

TARTAR DETAINED.

AMERICAN TRANSPORT HELD IN HONGKONG.

BRITISH WON'T CLEAR HER.

CLAIM THE VESSEL IS MUCH OVERLOADED.

TWENTIETH KANSAS ABOARD.

STATE DEPARTMENT TO MAKE SOME INQUIRIES.

Washington, Sept. 13.—A cable message was received today at the war department concerning the transport Tartar, which has been held at Hong Kong. Secretary Root thought it was of sufficient importance to take to the president for consideration.

After Secretary Root's return from the white house he had a conference with the commissioner of navigation, Mr. Chamberlain, and also decided to take up the matter of the Tartar with the state department with a view of having the ship cleared at Hong Kong. A dispatch was sent to Colonel Metcalf, of the Twentieth Kansas, who is in command of the troops on the transport, asking if, in his opinion, the ship was overcrowded and if there was just ground for complaint of the subsistence furnished the men. A dispatch was also sent to General Otis asking for further information concerning the Tartar, and the supplies with which she was furnished. No definite decision can be reached until the state department has communicated with our embassy at London, as it is a question which must be settled by the British government.

REGULARS MADE A KICK.

A private cable message from Hong Kong says that complaint was made by the 400 discharged regulars on board the Tartar of overcrowding, whereupon clearance was refused. The Twentieth Kansas volunteer infantry, with General Funston, is aboard the Tartar, but it is understood that the volunteers make no complaint and are anxious to have clearance granted the ship in order that they may proceed homeward.

IS A CANADIAN VESSEL.

Washington, Sept. 13.—The army transport Tartar, which is reported detained at Hongkong by the British authorities, was chartered by the United States and is owned by the Canadian Pacific Steamship company. She sails under the British flag. It is said that under these conditions she is subject to the British navigation laws, as being chartered by the United States does not entitle her to American registry. The British consul can determine whether she complies with the British navigation laws and if she does not he has authority to cause her to unload.

The quartermaster's department does not know why the Tartar went to Hong Kong, but it is supposed that it was for the purpose of docking her. The Tartar sailed from San Francisco July 24. She carried 1,221 men. It is stated at the war department that she was under the supervision of the board of health of San Francisco and that she would not have been allowed to sail from that port if she did not comply with the regulations. When she arrived at Manila General Otis reported her with all on board well and no deaths. She sailed from Manila September 4 with 1,203 men on board.

WILL OPEN A SANITARIUM.

William Kuhlbach, who resides on East Washington street, is preparing to open a sanitarium on Calhoun street for the treatment of human ailments by the Kneipp methods. He has leased a room near the Hoffman house, and it is now being fitted up for that purpose.

POPE HAS ONLY A COLD.

London, Sept. 13.—A special dispatch from Rome says the pope is only suffering from a cold, unaccompanied by fever, but, as a precautionary measure, his audiences have been temporarily suspended.

Born, to Mr. and Mrs. Eldon S. Baker—a son.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

Those Mansfield Haymakers are determined to win that pennant. With Irwin and Smith in the points in two games yesterday the Fort Waynes were easy victims and appeared at no time as if they would win. Guese was tried against Irwin, but he could not win without some backing at the bat. In the second the Mansfields took the lead in the first inning and were never headed and after Glasscock and Flood had retired the Fort Waynes had no chance to win. If Furt Wayne can win today there is a remote chance that New Castle can beat out the Haymakers. Score:

NOTES OF THE GAME.

The Daytons are here tomorrow. Wienig may pitch the first game against them.

Left Fielder John Farrell, of the New Castle Interstate team, has been sold to Boston for $1,000, it is reported, and he will join the champions at the end of the Interstate league season.

Young, of St. Louis, has won more games than any league pitcher—twenty-three. Up to Labor day, when he fell down, he had won eight straight, and thirten out of the last fifteen games.

Abe Minskey, captain of the Post A ball team, requests The Sentinel to say that the game with the Lafayette traveling men last Saturday was a financial success, although from an artistic standpoint it was a frost. He desires to thank those persons who magnanimously purchased admission tickets.

There wasn't a "fan" in the league a week ago who believed it possible for the Mansfields to win seven straight games from Toledo and Fort Wayne. Had the Mud Hens and Hoosiers won three out of the eight games they played with the Haymakers, New Castle would easily have beaten out the Mansfields and so might Fort Wayne. As it is only the worst possible kind of luck can keep the rowdy Mansfields out of the championship.

CITY DADS MEET.

COUNCIL IN REGULAR SESSION LAST NIGHT.

MATTERS OF IMPORTANCE UP

APPROPRIATION ORDINANCES SUBMITTED.

SCHOOL TREASURER'S REPORT

A UNION DEPOT PROJECT IS LAUNCHED.

When Mayor Scherer rapped for order at the council meeting last evening all members were present except Messrs. O'Ryan and Schwartz.

City Clerk Monning read the communication from the mayor approving certain appropriation ordinances and also read the mayor's message in which he submitted the estimates of the several departments of the city and made recommendations. The board of works asks for $81,950; the board of safety wants $94,199; the comptroller wants for payment of interest, officers' salaries and incidentals, $18,298, and the city attorney wants $500, a grand total of $215,938. The estimates had been some higher, but the mayor, comptroller and city attorney had made a reduction of $17,000, one-half of which had been taken from the fund for new street intersections. It will require a levy of 95 cents, the same as last year, to raise this amount of money. The estimates were referred to the committee on finance.

Treasurer Boswell, of the school board, submitted his annual report, the same that was filed with the auditor three weeks ago, except in the report last evening Mr. Boswell stated that he will have paid before the end of the present year one of the three notes given in payment for the new public library property on West Wayne street, and this debt would not be paid out of the school funds, an intimation that it would be paid out of interest collected.

A petition signed by 275 south side residents favored the establishment of a new market south of the railways instead of the purchase of more land adjoining the present market. Councilman McMahon championed the cause of the petitioners, but the petition was referred to a committee without action.

The council accepted invitations to attend the meeting of the Indiana Municipal League at Lafayette and the Peru street fair. Councilmen McMahon and Borkenstein were delegated to attend the street fair and do the honors for Fort Wayne.

An ordinance fixing the levy and making the annual appropriations was read a first and second time and then referred to the committee on finance.

The refunding bond ordinances as amended were passed and Comptroller Berghoff will now proceed to sell them in accordance with the law.

Several ordinances were read and finally, when Comptroller Berghoff finished reading the ordinance providing for the punishment of offenses, there came a kick from the councilmen. Councilman Wheelock intimated that the ordinances were strung out with the purpose of increasing the patronage of a certain newspaper and Councilman Hosey and others took the position that many sections were unnecessary and should be stricken out before being read to avoid the unnecessary expense of publication. It was finally decided that hereafter all ordinances revised by Mr. Shambaugh should first be submitted to the committee on rules, regulations and ordinances and they could make the changes deemed advisable and avoid the expense of publication. Several ordinances which were on the clerk's desk were not read.

Councilman Hench submitted a resolution favoring the erection of a union depot and requested the mayor to appoint a committee of five members of the council, who, with the mayor, comptroller, city attorney and board of public works should meet with a like committee, to be appointed by the Commercial club, and that the joint committee name three or more influential citizens to place the matter before the public and confer with the railroad companies. The resolution was adopted.

VANDERBILT WILL UNKNOWN.

New York, Sept. 13.—Cornelius Vanderbilt, who had been under the shadow of death for several years, and who was one of the most methodical of men, left a carefully drawn will, but its terms are not known. His friends think it will make provision for the charity in which he was interested. No estimate of the estates' value is less than $100,000,000. There had been a reconciliation between Cornelius Vanderbilt, jr., and his parents, who opposed his marriage with Miss Grace Wilson, and it is doubtful if discrimination will be made against him. On the death of Cornelius Vanderbilt his brother, William K., becomes head of the family and made arrangements for the funeral and will see to the probating of the will. Mr. Vanderbilt's death will force the retirement of the large Vanderbilt family connections from any participation in the social doings of the fashionable world for some time to come and will also close to the members of the gay world several of the largest mansions in New York.

VICIOUS HOGS ATTACK CHILD.

BABE AT SHELDON HAS A NARROW ESCAPE.

Little Son of Mr. and Mrs. Harber Badly Lacerated by the Animals.

The two-year-old son of Mr. and Mrs. Daniel Harber, of Sheldon, this county, had a narrow escape from a frightful death last Friday. Only the prompt arrival of the parents prevented the child from being bitten to death by hogs. Mr. Harber was at work about his barn, and the child ventured into the barnyard, when it was attacked by three vicious hogs. The little one was thrown to the ground and lacerated in many places, the left foot being badly injured by the brutes.

The child's screams brought the mother to the scene and gave the alarm to Mr. Harber, who after considerable effort beat the hogs away. Medical attendance was at once summoned from Sheldon, and it is believed that no serious consequences will follow the child's injuries. Mr. and Mrs. Harber have recently passed through many trying ordeals, and they have the deepest sympathy of their neighbors.

ROOM FOR PHYSICIANS.

H. C. Granneman, who recently purchased the Mordhurst drug store, has been making extensive improvements in that establishment, and the good results of his efforts are visible in many ways. He will now add a private office and a physicians' consultation room at the rear of the store, and this new feature will no doubt be highly appreciated by the medical fraternity.

GOOD LOOKS.

You are always drawn toward a person whose smile reveals the sure refinement of pretty and well-cared-for teeth. The reverse is equally true when unsightly teeth proclaim careless, indifferent neglect. Give your teeth a very small part of the time, attention, thought and money you spend in other adornments of dress and display and they will repay you by a greater addition than all in the very worldly matter of good looks. To say nothing of good health.

A force of men started work yesterday on the grading of Nelson street, from Washington street north to the alley. In ploughing the road the roots of a number of shade trees were exposed and the property owners on each side of the street, Messrs. W. E. Mossman and C. L. Olds, protested that the trees would be ruined. The work is practically suspended until some arrangement is reached.

The new Cathedral high school was opened this morning with an attendance of about forty pupils. Most of the desks have arrived and have been put in place and the school work will now proceed. The pupils have been divided into three divisions, according to their showing in the examinations held Monday. Father Durham, who has charge of the school, says that there will be accommodation for a hundred and fifty scholars and it is thought that number will be secured in a few months.

Miss Lou Kendrick is visiting friends in Chicago.

W. W. Rockhill has returned from an outing at Petoskey.

IMPORTANT TO READERS.

The Sentinel has a great treat in store for its readers. We have purchased the right to use in this city that great story, "In His Steps," by Rev. Charles Sheldon, which has attracted more attention than any story ever written, with the exception, perhaps, of "Uncle Tom's Cabin." It will be printed as a serial and the first installment will appear on Wednesday, September 20.

WILL OPEN THE CAFE.

Manager R. O. Rankin, of the Wayne hotel, is in Chicago selecting the furniture for the new cafe that will be opened shortly in connection with the hotel. The gentleman's smoking room will be remodelled and used for the purpose and an entirely new service will be established. Small tables to accommodate two or four persons will be used and the room will be arranged so as to be opened into the ordinary and accommodate 150 people. The cafe is an innovation in the city and will doubtless be liberally patronized. It will be opened about October 10th.

BEET SUGAR CULTURE.

Supt. Alexander Johnson, of the state institute for feeble minded youth, has been conducting further experiments in sugar beet culture this year and has a plat of ground exclusively devoted to their culture. Of the twenty samples of the beets sent for analysis, only one was reported deficient in sugar. Of the others, the lowest showed 10 per cent. sugar and the highest 16.2 per cent. sugar, coefficient of purity. The best sample, which secured the Indiana urniture company's prize, besides the 16.2 percentage of sugar, showed a 92 per cent. coefficient of purity. The average percentage was 13 per cent. sugar, with a high standard of purity. There is a profit of about $75 per acre on the beets, which would make it well worth the cultivation to the farmer. The matter of beet sugar cultivation will be brought before the farmers again this year and an effort made to have a factory established in this city or in the vicinity.

Weaned the Baby
...ON...
GRAPE-NUTS.
The Famous Food Suits all Kinds of Stomachs.

NEVER UP A NIGHT.

A man in Grand Rapids, Mich., F. J. Hill, a druggist, discovered that one of the most perfect and safe ways to wean a babe was to begin feeding Grape-Nuts, the famous breakfast food.

His letter states: "If there is a baby food that is better than Grape-Nuts, it must be a dandy. We began feeding our little Carola Grape-Nuts before weaning, and for a few months after it was her only food, and a fatter, more healthy child could not be found. We were never up a night, nor did she have a day's sickness. We didn't realize when she gave up the nurse. Consequently we feel grateful for the product called Grape-Nuts, and wish you success."

This coming from a druggist who has access to all the well known baby foods is somewhat remarkable, but when one realizes that Grape-Nuts are composed of the most nourishing parts of the cereals, treated by heat, time and moisture, without any drugs whatsoever, and thereby with scientific processes, actually pre-digested, in the same manner that the human body changes the starch of the cereals into a delicate grape sugar, it is easy to understand why the food can be handled by even a very young baby.

It is not only the most powerful nutritive food for athletes and strong men, but, as seen, it is applicable to the most delicate stomachs. This fact has been proven over and over again by use with invalids and weak babies. Add to these nutritious features the fact that Grape-Nuts is of a most delicious flavor, the grape sugar to be seen glistening on the little granules, and a reason is discovered for the universal and enormous sale of the new food product.

Grape-Nuts are made by the Postum Cereal Co., Ltd., at Battle Creek, and sold by all first-class grocers.

BLOOD POISONING.

Joseph Meyers, whose home is in Wawaka, was removed to Hope hospital on Tuesday, suffering from blood poisoning in the arm. Mr. Meyers had his hand mashed in a machine a short time ago, but the injury was dressed and began to heal. A few days ago it began to get painful and to swell and the patient was at once brought to the city, where he is now under the care of Dr. Leslie. Mr. Meyer's arm will probably be amputated to save his life.

WILL OPEN NEW SCHOOLS.

Miss Tompkinson, formerly of Westminster seminary, arrived in the city Tuesday, and on Monday morning will open a new private school for young ladies. For this purpose she will utilize the Humphrey building, near the corner of Broadway and Berry streets, now occupied by Miss Sinclair as a boarding house. Miss Tompkinson will give instructions in language and the higher branches.

What has become of General "Joe" Wheeler? Has Otis marked him with the blue pencil of total obscuration, too?

The grey-haired man is being pushed to the wall everywhere. During a discussion in a London board of works one of the members stated that he had been assured by a local dye-seller that the enormous majority of his customers were workmen who dyed their hair to secure employment, and retain it when obtained.

It only costs $100 for a license to marry a Choctaw Indian woman, and up to September 10 all white men who intermarried with the tribe were entitled to 550 acres of ground. The withdrawal on the date mentioned of this premium on matrimony caused a great rush of white men for Choctaw brides last week, and none were too poor to raise money for the license.

The opinions of Admiral Dewey, General Lawton and Professor Schurman are in full accord that the Filipinos are a bright, ingenious, capable race and susceptible of a high degree of development, industrial and intellectual. Each of these men has had exceptional opportunities to study the Filipino character. Each deplores the war and they agree that the fighting ought somehow be stopped and an effort made to bring the Filipinos under civil rule.

Rev. McDonald, pastor of the Cumberland Presbyterian church in Logansport, has started the ball rolling in his church to abolish the custom of having church socials, festivals and other like functions, the chief purpose of which is usually to raise money for the church. He says that his church will hereafter devote its energies to the work of saving souls. If all preachers would fall in line with this, a greater amount of good would be done than ever before. Let the motto for the fall campaign in our city be, "soul-saving and soul-saving alone."

Just what prospect there is for Fort Wayne to get a union central passenger station is hard to determine, but we hope some good may come of Councilman Hench's resolution to have the union station project brought before a joint committee of the Commercial club and city council to the end that it may be properly submitted to the railroad companies. If the railroads for any reason are irreconcilably opposed to a union station, then they ought to provide fit station accommodations for the traveling public. Fort Wayne is little better off in this regard than any small way station. Fort Wayne ought to have a fine union depot or the railroads should each make radical improvements independently.

It would be difficult to exaggerate the importance in the country of the conference in relation to trusts which is to be held in Chicago under the auspices of the Civic Federation, beginning on the 13th of this month, says the New York World. That tendency to consolidate interests, to combine capital in manufacturing and commercial enterprises, to eliminate competition and to control markets by various devices, which we loosely classify as the trust system, is the most marked phenomenon of our time. In part it is unquestionably a natural development to meet changed conditions. In part it is apparently an artificial device to secure unjust advantage. By those engaged in such enterprises it is claimed to be a scheme for the cheapening of production and distribution, to the popular advantage. By those opposed it is held to be a conspiracy for enriching the few at the sacrifice of the many; for excluding healthful and natural competition; for extorting unjust profits, for reducing wages to a minimum, while pushing prices to a maximum; for crowding multitudes of citizens out of their employments and laying all citizens under unjust tribute. It is of the utmost importance to find out, accurately and fully, what are the facts, in order that this tendency may be dealt with wisely and not ignorantly.

HAS CANCER OF THE STOMACH.

[Hartford City News.]

It is stated on the authority of persons close to Tom Taggart that he is suffering from an aggravated case of cancer of the stomach, a disease which is incurable. Mr. Taggart's health for several years has been declining, but the nature of the ailment was not fully understood until comparatively recently, as the genial Tom has presented that bright, smiling exterior through all his suffering, which has won him friends wherever he has gone. It is said that while there is no immediate danger, Mr. Taggart must inevitably succumb to the malignant malady in a few months.

SAW MILL BURNED.

The saw mill belonging to D. Tagtmeyer at the foot of Webster street and just north of the Nickel Plate tracks, was burned last evening and the loss is estimated at about $2,000, with no insurance. The alarm was turned from box 114, but when the firemen arrived it was found that but little could be done to save the mill and their efforts were directed to saving the surrounding buildings and lumber piles. Several streams continued to play on the burning structure and the fire was at last got under control. The whole of the upper part of the building, with some of the machinery, was destroyed, but the engines and boilers in the basement were almost untouched. Two boys informed the chief that they saw two men in the mill and that they were lighting matches a few minutes before the fire broke out. An effort is being made to locate the fire-bugs. A barn at the north of the mill, on the Jackson property, was damaged to the extent of about $100.

DOCTORS ENTERTAINED.

About seventy-five of the physicians of the city, accompanied by their wives and sweethearts, were entertained at Robison park Wednesday evening by the management of the street railway. The doctors attended the performance at the theatre, after which they adjourned to the pavilion, where music and dancing occupied their time. A sumptuous supper was served to the guests and the festivities lasted until a late hour. The physicians extended a vote of thanks to the management for the royal treat afforded them.

PEARY'S REPORTS

WERE BROUGHT BY HIS SHIP DIANA TO SYDNEY, C. B.

PEARY AT ETAH, GREENLAND

WILL START FOR THE POLE IN FEBRUARY.

IS IN EXCELLENT HEALTH

HAS GOOD QUARTERS AND AN ABUNDANCE OF FOOD.

Sydney, C. B., Sept. 13.—The Peary Artic club's chartered steamer Diana arrived here today from Etah, North Greenland, Aug. 28, with all on board. Lieutenant Peary and his two companions, with native allies, were left in excellent health and spirits, comfortably housed for the winter, with provisions for two years and an ample supply of dog food, one hundred and eleven walrus having been killed since August 2 for that purpose. Peary will remain at Etah until February, when, with a supporting party of natives, he will go to Fort Conger and thence begin his journey to the pole, either by the Greenland coast or from Cape Hella, as conditions may determine. Secretary Herbert L. Bridgman, of the Peary club, in command of the Diana expedition leaves for New York tomorrow morning, taking Peary's full report of his last year's work and maps of his discoveries. In his nomenclature, Peary has bestowed names of Peary Artic club members. The furtherest north land beyond Greely fiord is named Jesupland, in honor of President Morris K. Jesup, of the club. A bay fifty miles in extent with a deep opening south of the fiord, was named Cannon Bay, and a mountain 4,700 feet high near its head, Mount Bridgman for the treasurer and secretary of the club respectively, while on the east side of the divide of Grinnell land are Benedict, Sands and Parrith glaciers, Harmsworth hill and Flagler bays.

Mr. Bridgman also brings Greely expedition scientific records and private papers of members of that party and a sextant left at Repulse Harbor in 1876 by Lieutenant (now admiral) Beaumont, of the English expedition, brought by Lieutenant Lockwood in 1883 to Fort Conger, and all recovered by Peary at the latter place in May last. Records of English Cairns on Norman Lockyer and Washington Irving islands are also sent by Peary to the club. The Diana's cruise occupied fifty-two days and over 5,000 miles steaming, of which twenty-eight days and 1,700 miles were north of Cape York without detention of any kind by ice. She carried the stars and stripes to 79.10 degrees further north than any American ship since Halls Polaris in 1871. She will return immediately to St. John's, N. F., her home port, and go out of commission. The Fram was last seen August 18 ten miles off Etah, fast in the ice and heading north.

HAS NOT CHANGED BELIEF

ADMIRAL DEWEY'S OPINION OF THE PHILIPPINES.

Thinks Them More Capable of Self-Government Than the Cubans—Endorses Schurman.

New York, Sept. 13.—The World publishes a dispatch from Gibraltar giving an interview with Admiral Dewey just before the Olympia sailed for New York. The World's correspondent asked the admiral for a statement of his views as to the Philippine policy.

"I've little to say," he said, "until the recommendations of the commission of which I am a member are laid before President McKinley."

"Did you read what Mr. Schurman, one of the commissioners, had to say upon his return from the Philippines?"

"As he is quoted in the newspapers he definitely explains my position. I quite agree with what Mr. Schurman says.

"Indeed, I attach great importance to his opinions. He is an able and high-minded man, whose intelligence and conscientious devotion to the task assigned him won my admiration. We were invariably in accord."

Admiral Dewey never expressed regret that he asked to be made one of the Philippine commissioners. On the other hand, he has said that he is glad that he was a member of the commission and his greatest desire now is to put its report in the hands of the president as soon as possible.

"You may add this," the admiral said, with great earnestness, "I have not changed my opinion which I stated in the early days at Manila, then speaking of knowledge of both peoples, that I consider the Filipinos more capable of self-government than the Cubans.

"I took the greatest interest in those Filipinos who were employed at the arsenal at Cavite, and often I was surprised by their intelligence. With fair and properly directed opportunities there are great possibilities in the Filipinos."

COMMERCIAL CLUB'S ROOM.

The new furniture for the Commercial club's rooms is being moved into the new quarters. Secretary Monning has removed his office to the rooms of the club, so that he will be conveniently situated to give matters his immediate attention. It is expected that the rooms will be ready by September 15, when the members of the club will give a house-warming. The membership is now 171 and it is expected that 200 names will be on the rolls before the 15th.

WILL GREET GRAND OFFICERS

ROYAL ARCANUM PREPARES A RECEPTION.

Supreme Regent and Other Leaders of the Order Come to Fort Wayne Tomorrow.

Howard council No. 246, of the Royal Arcanum, is planning for an enjoyable social session Thursday evening, for it will have as its guest the supreme regent of the fraternity, Hon. W. Holt Apgar, of New Jersey, as well as the Indiana grand officers.

The visiting grand officers will arrive in the city tomorrow on a tour of inspection of the order, and in addition to the supreme regent there will be J. E. Schultz, of Michigan City, the grand regent of Indiana, and E. E. Schroer, of Indianapolis, the grand secretary, besides the other officials of the state council.

The management of the gathering Thursday is in the hands of a committee composed of Messrs. W. H. Tigar, G. W. McKee and H. C. Moderwell, and during the afternoon the visiting guests will be given a drive about the city. The evening session at the lodge rooms in the Odd Fellows' block, on West Berry street, will be in the nature of a general social session, followed by refreshments. Visitors from other councils are expected in large numbers and a general good time is in prospect for the members of the fraternity.

Howard council is the largest council in Indiana, having a membership of 297, and for three years has won the gold medal for the greatest increase in its membership. This will be the first visit ever made by the supreme regent to Fort Wayne and the local membership is determined to make the occasion a memorable one.

QUIETLY WEDDED.

James R. Jackson, the hatter, and Miss Josephine Cope were united in marriage Tuesday afternoon, and two hours later took the Grand Rapids and Indiana train for Grand Rapids, where they will make their future home. The ceremony was performed at the home of the bride's uncle, David Walter, on East Lewis street, where she made her home for a number of years. Rev. Maurice Samson officiated. The announcement will be considerable of a surprise to a large number of friends of the contracting couple.

SOME REAL ESTATE DEALS.

Dr. W. O. Gross purchased through the Glutting & Bauer agency, Tuesday, the handsome residence of M. V. B. Spencer, on the corner of Wayne and Van Buren streets, the consideration being $6,500. Dr. Gross will have the house remodeled and will occupy it.

H. A. Dinius purchased from Fred Michael the handsome frame dwelling on Washington boulevard, second east of the park, for $2,200. The deal was made through the Wagner & Miner agency.

FIRES LIGHTED IN ANDERSON.

Anderson, Ind., Sept. 12.—Fires have been lighted in 285 independent pots and the first window glass of this season will be blown on Friday. All the other independent and co-operative plants will start this month. The supply of window glass on the market is limited and it is thought prices will be advanced.

AN ELEVATOR WAR

BELIEVED TO BE ON NOW IN CHICAGO.

STRONGLY AFFECTS MARKET.

SEPTEMBER WHEAT TAKES A BIG JUMP.

IT HEADS DECEMBER OPTION.

THE MARKETS IN GENERAL FOR THE DAY.

Chicago, Sept. 13.—What is believed by many traders to be the probable beginning of an elevator war was started in the wheat market today. A scramble of shorts in September wheat early in the session added nearly 2 cents to the price within half an hour and apparently brought to light a fight among wealthy elevator firms, Armour & Co., and Peavey & Co., being the firms most vitally interested. The main body of speculators had little to do with the advance. The fight was over the possession of the cash wheat. Heavy selling of September was done during August in the belief that the carrying charges, then over 2½ cents, would improve, but instead they have gradually lessened, and today entirely disappeared. Efforts to cover short sales today were unsuccessful until September had been bid up from 70⅝ to 72¼@72⅜c. Much nervousness was shown all day.

REVIEW OF MARKETS.

Chicago, Sept. 13.—The gradually decreasing premium on December wheat over September entirely disappeared today shortly after the opening on 'change, and September went to a point fully a cent above December. The opening was weak all around, weakness at Liverpool and heavy local and northwest receipts causing liquidation and short selling. For some days there has been talk of an elevator deal in September in which Weare, Peavey and Armour were involved, and this belief was strengthened today when shortly after the opening heavy buying of September started. The bidding was so active that shorts were driven to cover, and inside of half an hour September had risen from 70⅝c, the opening price, to 72¼c. The advance stopped there, but that price was well maintained. December opened ½c lower at 70½@70⅝c and during the sudden activity which was caused by the spurt in September, it advanced to 71½c. It was the general belief among traders that Weare and Peavey had the long end of the September deal and were taking the wheat from Armour's elevators. Minneapolis and Duluth received 917 cars, against 740 last week and 913 a year ago. Chicago receipts were 197 cars, 21 of contract grade.

Corn was steady but dull. There was some outside buying of deferred futures. Receipts were moderate, 598 cars, high freight rates being against the shipper. December opened unchanged at 28⅜@28⅛c and held at 28⅛c.

Oats were quiet and steady, with a good deal of covering by shorts in December and May. Receipts were light, 250 cars. December opened a shade lower at 20⅞c and advanced to 21@21⅛c.

Provisions were dull and weak enrly. The demand was light and there was some selling pressure from packers. Later the market became steadier under an improved general demand.

October pork opened 5@7½c lower at $7.92½@7.95, advanced to $8.05 and reacted to $8.00.

October lard opened unchanged at $5.22½ and advanced to $5.25@5.27½.

October ribs opened a shade lower at $5.17½, advanced to $5.22½ and reacted to $5.17½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 71⅞c; Dec., 71⅝c; May, 74¼c.

Corn—Sept., 31⅝c; Oct., 30¼c; Dec., 28⅝c; May, 29½@29⅝c.

Oats—Sept., 21¼c; Dec., 20⅞c; May, 23⅜c.

Pork—Sept., $8.00; Oct., $8.05; Dec., $8.15@8.17½; Jan., $9.55.

CHICAGO LIVE STOCK.

Chicago, Sept. 13.—Estimated receipts of hogs today, 26,000; tomorrow, 20,000; left over, 2,332. Market averaged about steady. Mixed and butchers, $4.25@4.62½; good heavy, $4.30@4.57½; rough heavy, $4.10@4.20; light, $4.25@4.70.

Cattle—Receipts, 17,000. Market easy. Beeves, $4.50@6.60; cows and heifers, $2.00@5.25; Texas steers, $3.50@4.20; stockers and feeders, $3.00@5.00; westerns, $4.00@5.25.

THE DAY ON WALL STREET.

New York, Sept. 13.—Only a partial response was made at the opening here to the buoyant tone of Americans in London. Gains in the railroads were limited to ⅛, except for Southern Pacific and Baltimore and Ohio. Tennessee Coal mounted upwards 3⅛ and Tobacco rose over a point. Brooklyn Transit, after a small gain, fell below last night's level.

Tennessee Coal was lifted as high as 121. Not much effect was produced in the general list, weakness soon cropping out here and there with the list eventually crumbling all around. Tennessee Coal was hammered down to 116, Brooklyn Transit to 95¼ and some conspicuous lossees occurred elsewhere. About 11 o'clock the market hardened, but became semi-stagnant.

The local stocks advanced simultaneously, Metropolitan Street Railway 3, Consolidated Gas and Manhattan 2 and Brooklyn Transit 1⅛. Other stocks rose also, Tennessee Coal gaining 1⅛, United States Milling common and preferred 1¾ each, New Jersey Central 1⅛ and Sugar and Colorado Fuel a point. Fractionally higher prices ruled for the leading railways, but the demand was not urgent. Realizing toward mid-day partially wiped out the advance in the street railways.

Sales of stocks to noon, 240,146 shares.

Bonds showed a better tone with a few gains of importance.

The demand continued good after 2 o'clock. Illinois Central and C., C., C. & St. L. showing wide gains. The Mexican railroads were advanced on large buying. In the specialties the American Tobacco, Colorado Fuel, the United States Milling stocks, American Hoop, Brooklyn Transit and the leather stocks continued to advance. A realizing movement took off a point or over from the best prices for the leather stocks and Tobacco and checked the advance in the general list. The upward movement was resumed in the final dealings and prices carried to the top level of the day.

The closing was active and buoyant at net gains of a point or upwards in many stocks.

NEW YORK PRODUCE.

New York, Sept. 13.—Butter—Receipts, 2,540 pkgs; market steady; western creamery, 18@23c; June creamery, 18½@22c; factory, 13@16c.

MAYSVILLE AND VICINITY.

There have been some business changes during the past few days. E. C. Reichelderfer, proprietor of one of our meat markets, has sold to his competitor, Charles Hartzell. He will go to Antwerp, O., to open up a shop. Will leave for that place next week. His wife, who has been sick for some time, is convalescent.

Lafayette Reichelderfer has purchased the general merchandise stock owned by W. A., our present recorder, his brother, whose failing health demands release from all business cares.

The Oberholtzer family held their second annual reunion on Saturday last. More than one hundred were present. They met at the home of James Oberholtzer, some three miles north of town, in true picnic style. Large tables were spread in the orchard loaded with such viands as regale the inner man, and despite the efforts of the hearty, happy throng there was plenty left. Mrs. Lizzie Horn had previously been selected as family historian and presented a very interesting historical sketch. A family of relatives from Findlay, O., were present, which, until recently, did not know of their kindred here. Their identification was due to the able efforts of the historian. The second Saturday in September of each year was designated as the day for their future gathering.

Rev. Brent Hollopeter has purchased the 40 acres of land owned by the Fry heirs, with the exception of one share, which was set off to Mrs. Levi Repp, who holds a deed executed by William Fry for his share.

A joint teachers' institute will be held in the M. E. church Saturday. Five townships are to participate. Trustee Daniels is making every effort to bring about a successful institute. All persons interested in our school system are invited to attend.

PERRY TOWNSHIP NEWS.

Paul J. Juiff leaves for Notre Dame university Tuesday to attend school.

Joseph Sordelet, a well known young man of St. Vincents, had a buggy whip stolen on the hay market last Saturday.

The dance given at Julian Martin's in honor of Paul Juiff was well attended and all had a good time.

The Misses Stella Martin, Florence Martin, Sadie Diebold and Adelia Mason were at Robison park last Sunday and reported a good time.

Harry Gunder has taken a new route. He goes east on the township line.

Louis Banet was the guest of Miss Clara Bobay over Sunday.

Joseph Pepe had an accident Sunday evening. While riding his bicycle he ran into the fence.

PERRY S. S. CONVENTION.

The Perry township Sunday school convention, which was held in Salem Reformed church last Saturday evening and Sunday, was one of the most interesting ever held in the township, which goes to show without saying that they are doing good work. President J. D. Gloyd gave the opening address, Rev. Murray not being present. J. W. Hursh was substituted on the subject, "What We Should Reasonably Expect the Sunday School to Accomplish." "How May This be Secured?" A. D. Craig.

Sunday morning session opened up on time with a full house. First was Bible reading, conducted by A. D. Craig; "Superintendent and His Work," J. W. Hursh; "Music in the Sunday School," E. H. McComb. Next was appointment of committee on organization and then adjournment of two hours for dinner.

—Afternoon Session.—

"The Need of Efficiency in Teaching," Rev. J. F. Chenoworth; "The Ideal Lesson," Sidney Dunten; "Primary Teaching," Levi Binkley and Rev. Chenoworth. The committee on organization elected the officers as follows for the following year:

President—J. D. Gloyd.
Vice-President—Jerry Surfus.
Secretary—H. E. McComb.
Treasurer—John Swartz.

And so ended the day of Christian work.

MADISON TOWNSHIP.

The Madison township Clippers defeated the Madison Seconds by a score of 40 to 23 last Sunday.

Mrs. Charles Welsh, of Fort Wayne, is ill at her parents' home, Mr. and Mrs. Philip Fry, in this township. It is to be remembered that Mrs. Welsh just recently recovered from a severe spell of sickness at her home in the Summit city, and her many friends will regret to learn of her misfortune.

Miss Ida Adams and Mr. J. Johnson were united in holy bonds of wedlock last Thursday. We extend congratulations.

Mrs. August Koenemann is improving.

An old saying asserts that the "early bird gets the worm." If this be true, G. W. Stout will be our next sheriff, as he has cards already struck off to that effect. G. W. is O. K.

A large gang of men are working on the grade for the new double track on the P., Ft. W. & C. R. R. east of Monroeville.

Physicians report quite a number of cases of typhoid fever in this and adjoining townships at present.

Camp meeting commenced near the Knouse school house last Monday under the auspices of the Free Methodists of Fort Wayne. Much interest is being manifested, as large crowds are in attendance.

Fred Savio has sold his 40-acre farm to George Moyers.

Mrs. Philip Fry is suffering from the effects of hay fever.

George Brouwer, jr., who has been confined to his room for some time with typhoid fever, is improving rapidly.

Charles Luenberger is on the sick list.

P. F. Hoadle's new saw mill will be ready for operation in a few days. P. F. will also erect a tile mill ready for business in 1900.

SEASONABLE RECIPES.

TOMATO CATSUP.

One peck ripe tomatoes. Cook and strain through a sieve, add to the juice four common-sized onions, chopped fine; let it boil down. Steep in one quart of vinegar three red peppers, two tablespoons of mustard, two of allspice, two of cinnamon; strain it into the juice; add one pound of brown sugar, half teacup salt. Let it cook down thick enough for use. Cork tightly in bottles while hot. The onions may be omitted.

GRAPE PICKLES.

Eight quarts of grapes, seven pounds of brown sugar, one pint of sharp vinegar, two tablespoons of ground cloves and allspice; remove the skin from the grapes, boil the pulp tender and strain, boil the skins in vinegar with the spice. When cooked two hours, add pulp and sugar; let it boil slowly; put into bowls and glasses.

GRAPE CATSUP.

Grapes, boiled and colandered, five pounds; sugar, two and a half pounds; vinegar, one pint; cinnamon, cloves, allspice and pepper, each one tablespoon; salt, one-half tablespoon. Boil until it attains proper thickness.

RIPE TOMATO SWEET PICKLE.

Nine pounds of tomatoes, skinned; three pounds of sugar, two ounces of cloves, two of cinnamon. To be cooked in three pints of vinegar.

TOMATO CATSUP (Excellent).

To one-half bushel skinned tomatoes add one quart of good vinegar, one pound of salt, one ounce black pepper, one-half ounce red pepper, quarter of a pound of allspice, one ounce of cloves, one quarter pound mustard, two cloves of garlic, six good onions, two pounds of brown sugar and one handful of peach leaves. Boil this mass for three hours; stir often to keep it from burning. When cool, strain; bottle when cold. More pepper may be added.

SHIRLY SAUCE.

Two dozen large ripe tomatoes, two onions, six red peppers without seeds, three cups vinegar, four tablespoons sugar, three tablespoons salt. Mix all together; cook slowly three hours.

CUCUMBER PICKLES.

Two hundred small cucumbers, two pounds sugar, three tablespoons white mustard, three tablespoons black mustard, three tablespoons juniper berries, a handful green peppers and a handful seed onions. Let the cucumbers stand in brine over night. Put into the kettle and scald in vinegar. Scald the other ingredients in fresh vinegar and pour over the pickles. At the last pour in a bottle of chowchow.

CHILI SAUCE.

Eighteen large ripe tomatoes, two onions, four peppers (one green, chopped fine), four cups vinegar, two tablespoon salt, four of sugar, two of ginger, two of cinnamon, one of cloves, one of allspice and one nutmeg. Boil one hour. This makes three quarts.

CUCUMBER CATSUP.

To six large cucumbers take six onions, peel and chop very fine, separately; add salt enough to season and let stand until the water rises on them; squeeze them dry, mix together, add a little pepper and vinegar, enough to cover, bottle and seal.

DEATHS AND FUNERALS.

GELLER.

Mrs. Catherine Geller, wife of Theodore Geller, died at 4 o'clock Tuesday afternoon at the home of the family, 99 Huffman street, from cancer of the stomach. She has been in poor health for some time. Mrs. Geller was 58 years of age.

Funeral services will be held from the residence Friday afternoon at 1:30, and half an hour later from Trinity Lutheran church. Rev. Bohn will officiate.

FUNERAL ANNOUNCEMENTS.

Carroll.—The funeral services of the late John C. Carroll will be held Thursday morning at 9 o'clock from St. Patrick's Catholic church.

WINONA CLOSED.

AGENT REMOVED AND STATION LOCKED.

SEASON WAS PROFITABLE ONE

THE EARNINGS FAR EXCEEDED THE EXPENSES.

NEWS OF SHOP AND RAIL

SEVERAL ACCIDENTS, BUT NONE SERIOUS.

Today closes one of the most successful seasons, so far as the Pennsylvania company is concerned, in the history of Winona resort. The "dummy" which ran between Winona and Warsaw was taken out of service last week and this morning Agent C. H. Bitner was called in and the doors and windows of the station building securely fastened, to remain closed until the opening of the season of 1900. Mr. Bitner will take a place in the telegraph department of the road, being sent first to Middlepoint to relieve a man who is sick.

DYNAMO SHIPMENT.

The Fort Wayne Electric company will repair and increase the facilities of the Wabash electric light plant and this morning a 2,000-light alternating dynamo and all the necessary station equipment material was sent to that city. Wabash has been experimenting with acetylene gas, but it has not proven the great success expected up to date. The plant was destroyed by an explosion several weeks ago.

A BUSY TIE INSPECTOR.

One of the busy men of the city just at present is James A. Humphrey, the Pennsylvania tie inspector. The company is engaged in building sixty-six miles of second track between Crestline and Chicago and thousands of ties are needed. All ties must be inspected by Mr. Humphrey and he is hard at work at it. Today he is out on the western end of the line inspecting a lot of ties.

MACHINIST HURT.

Ernest Rehling, machinist employed in the Pittsburg shops, met with an accident yesterday that will probably cause him to lose a week or two from the shop. A sharp piece of steel which he was handling cut his right thumb open to the bone, across the end, causing a very painful wound.

INCREASED THE FORCE.

The force of workmen in the Bass machine shop has received quite an addition during the past week, the latest acquisitions being H. F. Hanna, George W. Stephens and Charles Cragg, who began work this morning. More mechanics could be employed if the shop would accommodate them, for there is enough work on hand to keep the machinery and men employed for several months, even if no more orders were taken.

TAPP GETS THE WHOLE LOT.

H. W. Tapp, the contractor, will build all the stone abutments for the new bridges and extensions of old ones on the western division of the Pittsburg, Fort Wayne and Chicago road, instead of only two-thirds of them, as announced some time ago. The Chicago party to whom was awarded the contract for a portion of the work has asked Mr. Tapp to take it off their hands and that gentleman has done so. There are about thirty bridges that will have to have new foundations or their old ones strengthened and widened for the second track now being constructed on the line.

SHORT OF BRAKEMEN.

There is a temporary shortage of brakemen on the Nickel Plate at present, due to sickness in the ranks. The road, by promotion and otherwise, has allowed the number of brakemen to trench the minimum point and when anything occurs to keep several of the men from work, there is difficulty in getting enough to man the trains. This is the case at present.

CARRIED OUT THE THREAT.

The threatened stoppage of Detroit, Lima and Northern traffic over the Ohio Southern tracks between Lima, Ohio, and St. Johns took place Monday. The Lima and Northern had been ordered to vacate the Southern tracks, but ignored the notice and Monday the latter company blocked the Lima and Northern trains at Lima by placing an engine on the track. The trouble arose from a dispute over the lease of the Southern tracks.

WANT THE FLOWER.

Applicants for positions in the train service of all the Fort Wayne lines are now subject to as rigid an examination as the applicant for enlistment in the army or navy. Many of the railroads of the country are also barring men over twenty-eight years old. They want none but strong young men.

"SCHOOL" FOR FIREMEN.

The Chicago and Eastern Illinois road has inaugurated an instructive system for its firemen and the best firemen in the service are the preceptors. The "students" make trips over the road, their work at the scoop being directed by the expert. The system has resulted in a great saving of fuel and is otherwise very satisfactory.

LEVER HAND CAR DOOMED.

The old-fashioned lever hand car is destined to soon pass out of existence. It will be succeeded by the "automobile of the rail," several of which are now in use in this country. The Illinois Central is experimenting with an "automobile car" that has a motor operated by gasoline. The car has an average speed of twenty-five miles an hour, but it is capable of covering the rails much more speedily than that. One of the inspectors of the road is said to have gone seventy-five miles in two hours. A gallon of gasoline, ordinarily, will run the car more than seventy-five miles and there is a provision for carrying four gallons, or enough for an unbroken run of three hundred miles.

RAMSEY'S GOOD WORK.

Since Joseph Ramsey was appointed general manager of the Wabash the equipment of the road has been increased sixty-five locomotives, all of the highest standard, 2,580 box cars (60,000 pounds capacity)' 250 furniture cars, 500 coal cars (80,000 pounds capacity), ten coaches and two dining cars, and 62,327 tons of new steel rails have been laid. Fortunately for the company he made these purchases when prices were much lower than now for anything in the line of railway equipment or supplies.

AFTER THE ENGINEERS.

The Chicago Record this morning says: "It is said that another effort will be made to bring the National organization of the Brotherhood of Locomotive Engineers into the ranks of the International Order of Railway Men. The international organization was effected two years ago at St. Louis, the Brotherhood of Railway Trainmen, the Order of Railway Conductors, the Brotherhood of Locomotive Firemen and the Order of Railroad Telegraphers becoming members. At that time an effort was made to get the engineers into the fold, but they did not come in.

A PROPOSED ILLINOIS ROAD.

Articles of incorporation were issued yesterday to the Chicago, Peoria and Southwestern railway, the capital stock of which is $100,000. It is proposed to construct a line from the Chicago and Southwestern via Ottawa, to Peoria, Quincy and Keokuk.

INDUSTRIAL NOTES.

Pittsburg Fireman H. L. Kennedy is sick and off duty.

R. H. Mnuk, apprentice at the Pittsburg copper shop, is sick.

George McFerran and family leave tonight for their new home at Louisville, Ky.

Brakeman Ed Horton has reported for duty on the Nickel Plate after a few days' illness.

C. R. Clark and C. Ashline are new firemen on the Nickel Plate. They commenced work there yesterday.

Nickel Plate engine 212 has been overhauled at the Stony Island shops and will be sent to Cleveland to do yard work.

J. C. M. Baker, the Pennsylvania ticket receiver, resumed his office duties this morning, after a two weeks' vacation.

During July and August the earnings of the New York Central, despite the low freight rates, were the largest in the history of the road.

Mrs. M. Maloney, wife of the Nickel Plate engineer, is very sick and that gentleman is unable to take his run out on the road on that account.

J. O. Langston resumed work in the Pittsburg shops this morning. A few days ago he had the misfortune to have one of his hands badly bruised.

In the month of August the Indiana Car Service association handled 25,598 cars, the largest number in any one month since the bureau was established.

Charles Minnich, of the Wabash shops, has gone to the company's hospital at Peru. Yesterday he cut the palm of his right hand badly upon an oil can.

M. M. Rogers has resigned as purchasing agent of the Nickel Plate railroad. His place will be taken by P. W. Dittoe, who has held the position of inspector.

The Santa Fe is running its shops day and night so pressed are they for equipment, both passenger and freight. The day force works eleven hours, the night force ten hours.

In the month of August the railways placed orders for 12,661 new cars and 257 locomotives. Of the cars ordered 3,550 were stock, 1,950 gondola, 578 flats and 100 tank cars.

J. E. N. Dillon is at his desk in Master Mechanic B. Fitzpatrick's office again. He has just closed a most enjoyable vacation term, most of which was spent in visiting friends in Ohio.

Thomas Hill and Charles Laughlin reported for duty at the Pittsburg blacksmith shop this morning. The former was injured in an accident two weeks ago and the latter had been sick.

Capt. Jack Kensill and Thomas Beals have returned from Philadelphia, where they attended the G. A. R. encampment. The latter resumed his duties in the Pittsburg roundhouse this morning.

A number of traveling passenger agents of western lines are in the city and are guests at the Wayne. Among them are C. W. Pitts, of the Great Northern; A. W. Noyes, of the Chicago Great Western, and C. C. Hill, of the Wisconsin Central.

Mr. and Mrs. C. W. Marshall are entertaining a new daughter, who arrived at their home last Monday. Mr. Marshall is a Nickel Plate brakeman. Heis so pleased over the family addition that he is taking a vacation that he may become better acquainted with the little one.

The Wabash announces the abolishment of the cheap Sunday rate to Put-in-Bay for the season. Toledo Sunday excursions will continue until further notice.

George Hess, who has been employed in the shops of the Wabash at Delray, Mich., for several months, has returned to this city and will take a position in the company's shops here.

The Panhandle is breaking all records this month in the transportation of freight and passengers and will show earnings of fully $1,650,000, which means a total for the year 1899 of at least $20,000,000.

Brakeman A. B. Tousley, of the Pittsburg, has taken for training a fine Hambletonian colt from Coesse, the property of Charles Hickman, of that village. The colt is a pacer and he gives promise of great speed.

The bridge builders will today complete the new steel bridge over Flatrock river, on the Louisville division of the Pennsylvania lines. The last wooden bridge on the main line has now been replaced with a steel structure.

The Pennsylvania is building at its shops in Altoona a number of freight locomotives for fast service, which will have sixty-two inch driving wheels, the size of the driving wheels of passenger engines up to twelve years ago.

Dr. E. F. Wagner, medical examiner for the Pennsylvania Relief department, will leave tomorrow for York, Pa., to spend a week or two with his parents. Dr. G. W. Tucker, of Logansport, will officiate during the absence of Dr. Wagner.

With the prosperity of the industries in the central states the north-and-south lines are exceeding all former records in tonnage of coal and iron ore handled, and this in a considerable measure accounts for the shortage of cars for through business east and west bound and for local traffic generally.

H. Walter Webb, president of the Wagner Palace Car company, and holding official positions with Vanderbilt roads, who has been at St. Regis lake for some weeks, has been brought back to his home at Scarboro, N. Y., although extremely ill with consumption. The trip was made at his wish.

The Pennsylvania railroad yesterday inaugurated a passenger service from Cleveland to Chicago over the Cleveland, Akron and Columbus to Orrville, with two trains each way daily. The company claims a differential, making the single fare $8.50 for first and $7 for second-class. This meets the Baltimore and Ohio and Nickle Plate rates and it is said that a protest may be made.

GREATEST JEWISH HOLIDAY.

THURSDAY IS THE DAY OF ATONEMENT.

Will be Appropriately Observed in Fort Wayne—Services at the Temple.

This evening begins the observance of the most solemn of Jewish holidays, the Day of Atonement, and Fort Wayne people of the Jewish faith will observe it sacredly. At the Temple services will be held at 7:30 o'clock this evening and the subject of Rabbi Cohn's sermon will be "Atonement." Thursday morning at 10 o'clock another service will be held and the rabbi will speak from the subject, "Holiness." An afternoon service on Thursday closes the observance and at this service the topic will be "Immortality."

Thursday, the Day of Atonement, like all Jewish holidays, begins on the previous evening. In the Jewish calendar it is the tenth day of the month of Tishri, on which the Jews begin their religious year. The Hebrews believe that on New Year's day God judges all the inhabitants of the world according to their conduct during the past year and enters His judgment in a book called "The Book of Fate." This judgment is believed to include punishment in the form of misfortunes, sickness and perhaps death during the coming year. This book of fate is closed on New Year's day at sundown, but is left unsealed for ten days and on the tenth day, "Yom Kippur," it is sealed. It is believed that sincere penitence on the part of sinners will move God to erase bad judgments and substitute good ones for them. The ten days from New Year's until Yom Kipper are called "the ten days of penitence," distinguished during the middle ages by prayers, which were recited before daybreak. Very pious Jews used to fast during all these ten days, taking one meal after nightfall, but this class of ascetics has entirely disappeared. The fasting now is reserved to the Day of Atonement only and even on that day is not as generally observed as was the case a generation ago.

The Day of Atonement is based upon the law in Leviticus, chapter 16. Since the downfall of the Judean nation and the destruction of the temple at Jerusalem Yom Kippur has become a day of penitence. The celebration of the day begins before dark and ends before dark the next evening. The regular Jewish service has three daily prayers, to which on the Sabbath and holidays a fourth one is added. On Yom Kippur there are five. These prayers, however, would not occupy the whole day, and therefore a number of hymns, biblical selections, besides the reading of the Pentatuch, are added and thus the whole day is spent in the synagogue.

BUILDING PERMITS.

Clerk A. M. Schmidt, of the city boards, has granted the following building permits:

Casper Wiedman, barn on the east half of lot No. 53, Comparet's addition; cost, $160.

Mary G. Bueter, addition to store building on lot No. 85, Hanna's addition; cost, $400.

Kraft & Hauck, dwelling on lot 213, Hamilton's Fourth addition; cost, $3,000.

John Suelzer, residence on lot No. 168, Hamilton's Fourth addition; cost, $1,500.

QUIET ON THE BORDER.

Bisbee, Ariz., Sept. 13.—The latest reports received from Naco indicate that everything is quiet. The Mexican guards, over a hundred in number, are patrolling the line. Cowboys are still arriving here. No arrests have yet been made of cowboys who killed the Mexican guards on the San Pedro. It is reported that some of them have left the country in order to avoid being turned over to the Mexican authorities.

THE TAGS GOING.

There are only two more days before the penalty goes on every bicycle and vehicle tag issued by the comptroller. There has been a hurried demand for two days and at 11 o'clock this morning the following number of tags had been issued: Bicycle, 1,025; single buggy, 23; two-horse buggy, 18; two-horse truck, 24; two-horse team, 10; single delivery, 120; double delivery, 15; double milk, 6; one-horse express, 13. This means that a total of more than $2,000 has already been collected and not one-fourth of the vehicle owners have secured tags.

THE CITY BONDS.

After the council meeting last night Mayor Scherer, City Attorney Shambaugh, Comptroller Berghoff and the council finance committee met R. E. Fields, representnive of Gay & Co., of New York, and he made an offer to buy the $320,000 refunding bonds at private sale. It is known that he made an offer of $4,000 premium, but the city will hardly sell at that price, inasmuch as it is believed a bigger premium can be secured at public sale. If a satisfactory offer is not made the bonds will be advertised at once.
